AN ACT to amend an act entitled "An act in regard to the Administration of Estates," approved April 1, 1872.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly*, That section 81 of an act entitled "An act in regard to the administration of estates," approved April 1, 1872, be and the same is hereby amended so that the same shall read as follows: "If any executor or administrator, or other person interested in any estate, shall state upon oath, to any county court, that he believes that any person has in [his] possession, or has concealed or embezzled any goods, chattels, moneys or effects, books of account, papers, or any evidences of debt whatever, or titles to land belonging to any deceased person; or that he believes that any person has any knowledge or information of or concerning any indebtedness or evidences of indebtedness, or property titles or effects, belonging to any deceased person, which knowledge or information is necessary to the recovery of the same, by suit or otherwise, by the executor or administrator, of which the executor or administrator is ignorant, and that such person refuses to give to the executor or administrator such knowledge or information, the court shall require such person to appear before it by citation, and may examine him on oath, and hear the testimony of such executor or administrator, and other evidence offered by either party, and make such order in the premises as the case may require."

§ 2. Whereas there are estates of deceased persons which cannot be properly settled in consequence of a defect in the law in respect to compelling persons to give information in their possession, an emergency is deemed to exist: therefore this act shall be in force from and after its passage.

APPROVED March 19, 1873.

§ 1. Amend sec. 91 of act approved April 1, 1872. In force July 1, 1874.

AN ACT to amend section 91 of an act entitled "An act in regard to the Administrations of Estates," approved April 1, 1872.

"§ 91. When it is necessary for the proper administration of the estate, the executor or administrator shall, as soon as convenient, after making the inventory and appraisement, sell at public sale all the personal property, goods and chattels of the decedent, when ordered to do so by the county court, (not reserved to the widow, or included in specific legacies and bequests, when the sale of such legacies and bequests is not necessary to pay debts,) upon giving three weeks' notice of the time and place of such sale, by at least four advertisements, set up in the most public places in the county where the sale is to be made, or by inserting an advertisement in some newspaper published in the county where the sale is to be made, at least four weeks successively, previous thereto. The sale may be upon a credit of not less than six nor more than twelve months time, by taking note, with good security, of the purchasers at such sale. The sale may be for all cash, or part cash and part on time: *Provided*, that any part or all of such personal property may, when so directed by the court, be sold at private sale."

APPROVED February 9, 1874.

AGRICULTURE.

§ 1. Re-organization of agricultural societies.

§ 2. Property to vest in county board.

§ 3. Borrow money on mortgage or deed of trust.

§ 4. All acts heretofore done declared legal.

§ 5. In force April 18, 1873.

AN ACT concerning the re-organization of County Agricultural Societies, in conformity to "An act to create a Department of Agriculture in the State of Illinois," approved April 15, 1871.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That it shall be lawful for any agricultural society now existing in this state to change its name and alter its organization, so as to conform to and comply with the act to create a department of agriculture, approved April 15, 1871; such change of name and organization to be made by the directors or other managers of such county society, upon the consent of a majority of the life or permanent members of the same, evidenced in writing or by a vote taken at a meeting, held after giving not less than ten days' notice of the time and place of such meeting, and of the business to be acted upon: *Provided*, that if such society shall be a stock company, the consent of the parties owning a majority of such stock shall be obtained before such change can be made: *And, provided, further*, that all re-

organizations under this act shall be in accordance with, and in conformity to, the requirements of the by-laws of the state board of agriculture, as provided by the act to create a department of agriculture in the state of Illinois.

§ 2. Whenever any agricultural society, being the owner of lands, or holding a lease of any lands, shall change its title and organization to conform to the act to create a department of agriculture, approved April 15, 1871, and shall become a county agricultural board, the lands, leasehold and other property owned by the society making such change, shall vest in and become the property of the county agricultural board, for its original uses and purposes, and for the benefit of the original owners or members thereof.

§ 5. Whereas, it is necessary that certain agricultural societies in this state should make changes immediately in their organization, to conform to the act making appropriation for the benefit of county agricultural boards, approved January 5, 1872, and to bring themselves within reach of aid hereafter appropriated by the general assembly of the state; therefore an emergency exists, and this act shall take effect from and after its passage.

APPROVED April 18, 1873.

AN ACT to amend section two of an act entitled "An act to prohibit Domestic Animals from running at large in this State," approved January 13, 1872.

Any person who is or may be the owner of land, or who has or may have control of the same, may take up any domestic animal or animals when found near to or upon such land, such animal or animals being at large in violation of section one of this act. The taker-up of such animal or animals shall, within two days from the time of the taking up, make complaint and institute a suit under the provisions of this act against the owner or owners of such animals; and if, upon the trial, judgment shall be for the people, execution shall issue immediately upon the judgment, and the animal or animals taken up shall be liable to levy and sale upon the execution, the same as in other cases, anything in the exemption laws of this state to the contrary notwithstanding."

APPROVED May 2, 1873.

§ 1. Towns to prohibit domestic animals from running at large.

§ 2. Establishing and maintaining pounds.
In force July 1, 1873.

AN ACT to enable towns to prohibit Domestic Animals from running at large in counties where they are not prohibited by law.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That in any county in this state which has adopted township organization, or which may hereafter adopt township organization, and where domestic animals are not prohibited from running at large by law, that, on petition of not less than twenty legal voters of any town to the town clerk, it shall be the duty of the town clerk to give notice, with the notice of the annual town meeting, that the question of voting for or against domestic animals or any species of the same running at large, will be submitted to the legal voters of such town at such town meeting; which vote shall be by ballot, which ballots shall be printed or written, or partly written and partly printed, on the ballots voted for town officers; and if a majority of the votes cast at such town meeting shall be against domestic animals or any species thereof from running at large, then it shall be unlawful for such animals to run at large in such town: *Provided*, that if sufficient time does not elapse after this act takes effect to give the required notices for the question to be voted on at the annual town meeting in April, 1873, the town clerk of any such town shall, on a like petition, call a special town meeting for that purpose, notice of which special town meeting shall be given for the length of time and in the manner for the annual town meetings.

§ 2. In case a majority of votes at such annual or special town meeting is against domestic animals running at large, the electors may provide by a vote of the majority at such meeting, to be ascertained in some convenient manner—

First—To establish and maintain a pound or pounds at such places within the town as may be deemed necessary and convenient. When any pound is erected, it shall be under the care and direction of a pound master.

Second—To determine the number of pound masters and prescribe their duties, and choose the same in such manner as they may determine.

Third—To authorize the distraining, impounding and sale of cattle, horses, mules, asses, swine, sheep or goats, for penalties incurred and costs of proceedings: *Provided*, that the sale of animals distrained or impounded shall be conducted, as nearly as may be, according to the law regulating sales of property by constables under execution: *And, provided, also*, the owners of such animals shall have the right to redeem the same from the purchaser thereof, at any time within three months from the date of the same, by paying the amount of the purchaser's bid, with reasonable costs for their keeping, and interest on the amount bid at the rate of ten per cent. per annum.

Fourth—To apply all penalties, when collected, in such manner as may be deemed most to the interest of the town.

APPROVED April 11, 1873.

§ 1. Amending act of January 13, 1872, by adding section 5 of this act. In force July 1, 1873.

AN ACT to amend an act entitled "An act to prohibit Domestic Animals from running at large in this State," approved January 13, 1872.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly*, That said act be and the same is hereby amended, by adding the following section thereto, viz:

"Section 5. It shall be unlawful for domestic animals, or any species thereof, to run at large in any town, city or precinct in this state, where such animals were lawfully restrained from running at large before or at the time the act to which this is an amendment took effect, until permitted to do so by the lawful authority of such town or city, or by a majority vote of such precinct."

Whereas, in some counties in this state, many towns, cities and precincts had lawfully restrained domestic animals from running at large, previous to the passage of the act to which this is an amendment, and therefore abandoned fencing; and whereas, under the provisions of said act, the majority vote in some of such counties was against restraining such animals from running at large, leaving many farms unprotected by fence, at the mercy of such animals, thereby creating an emergency: therefore, this act shall take effect and be in force from and after its passage.

APPROVED May 1, 1873.

WHEREAS the institution for the education of the blind, located at Jacksonville, in the state of Illinois, was burned, and since its destruction the trustees of said institution, without any appropriation therefor from the state treasury, did erect a small wing for a future edifice on the site of the old institution; and whereas, said wing is not of capacity to receive and accommodate more than about one-third of the youthful blind of the state: now, therefore,

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That the sum of \$75,000 is hereby appropriated out of the state treasury to erect a center or main building for the education of the blind, on the premises owned by the state at Jacksonville, in Morgan county, and state of Illinois—said sum to be paid in quarterly payments, beginning on the first day of July, A. WHEREAS, the trustees of the institution for the education of the blind have not expended a portion of the former appropriation for current expenses, and the auditor has refused to order the payment of said unexpended appropriations because the same were not drawn in due time; and whereas, further appropriation is required for the heating and furnishing of the new building erected for said institution:

| § 5. Estimates to be made and approved by the governor before construction can commence. | |

AN ACT authorizing the Board of Canal Commissioners to construct a dam and lock at or near Copperas creek, and to make an appropriation for such improvement.

WHEREAS, in pursuance of an act approved February 25, A. D. 1869, entitled "An act to amend an act approved February 28, A. D. 1867," and an act additional thereto, approved March 7, A. D. 1872, under and by authority of which acts the improvement of the navigation of the Illinois river has been commenced, by the construction of a lock and dam in the town of Henry, in Marshall county, which has been completed, and which is a part of a system of locks and dams, to the number of five, projected by engineers for the complete improvement of the navigation of the Illinois river; and whereas, no further progress can be made in the improvement of the navigation of said river without further appropriation, such appropriation being now necessary for the building of a lock and dam at or near Copperas creek, which, when completed, will add fifty-nine miles of river transportation, and thus tend to the reduction of freights to the head waters of Lake Michigan and to the Mississippi river: therefore,

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That there be and is hereby appropriated the net proceeds of the revenue derived from the Illinois and Michigan canal, and the lock at Henry, on the Illinois river, until the expiration of the first fiscal quarter after the adjournment of the next regular session of the general assembly, to be expended by the canal commissioners in the construction of a lock and dam across the Illinois river at or near Copperas creek, and necessary work in connection therewith; said lock not to be less than three hundred and fifty feet in length and seventy-five feet in width.

§ 2. It shall be the duty of the state treasurer to invest the net earnings received by the state from the Illinois and Michigan canal, and the lock at Henry, on the Illinois river, in United States or other interest bearing bonds, as may be designated by the governor, which interest shall be added to the principal, or re-invested, as aforesaid, until there shall be in the hands of such treasurer at least \$100,000 of such funds,

which funds shall be designated as the "Illinois River Improvement Fund."

§ 3. Said commissioners, as soon as there shall be in the hands of the state treasurer the sum of \$100,000 of the said Illinois river improvement fund, are hereby authorized to take efficient and proper measures for the commencement of the improvements named in this act, and shall put such parts of them as they may deem proper under contract, as herein provided, and shall have the management, care and superintendence thereof. They may employ a general superintendent, and may also employ such and as many engineers, draughtsmen, and other persons as they may deem necessary to enable them to discharge their duties, and may pay such compensation as they may deem reasonable to each person so employed: *Provided*, that no contract shall be made until the necessary survey shall have been made, and plans adopted: *And, provided, further*, that the cost of said improvements, when completed, including plans and surveys and all incidental expenses, shall not exceed the sum of \$430,000. The work may be divided, or let in sections, as may be deemed advisable by said canal commissioners.

§ 4. No contract for the doing of said work shall be let until the same shall have been advertised in a daily paper, published in each of the cities of Chicago and Peoria, for at least four weeks prior to the time named for letting such contract; and all bidding shall be by sealed proposals, and those of the lowest responsible bidder shall be accepted. Said commissioners shall require all parties taking contracts to furnish bonds for the completion of the work undertaken by them, and shall name the amount to be inserted in such bonds at the time the contracts are awarded.

§ 5. Said commissioners are hereby strictly forbidden to commence the construction of said lock and dam, by contract or otherwise, as provided in this act, unless they shall first ascertain, from the estimate of a competent engineer, that the same, including all incidental expenses, can be completed for a less sum of money than \$430,000; which estimate shall be approved by the governor and filed with the auditor, before the appropriation herein named can be drawn.

§ 6. Said commissioners shall not obligate the state for the payment of any sum of money in excess of the appropriation made for the purposes herein named. The account of the expenditures of said commissioners shall be certified by said commissioners, or a majority of them, approved by the governor, and audited by the auditor; the auditor shall, thereupon, draw his warrant upon the treasurer therefor, to be paid out of the fund hereinbefore provided.

§ 7. The said commissioners, at the end of each month, shall make up a statement of all work done during such month, and the amount agreed to be paid for the same, together with all expenses pertaining to the prosecution of the work, and with the certificate of the engineer in charge; which statement shall be sworn to by the commissioners, or a majority of them, and presented to the governor for his approval. Such statement, so approved, shall be authority for the auditor to draw his warrant upon the state treasurer for the sum so approved by the governor; said money to be paid to the contractors and others in charge of the work, by the treasurer of said board of canal commissioners, for which vouchers shall be taken, and sent to the auditor of state; and the auditor of state and treasurer shall, from time to time, as requested

by the president of said board of canal commissioners, furnish him with a statement of the amount of money in the treasury which may be used in the construction of said improvements.

§ 8. No portion of the moneys provided for in this appropriation shall be used in payment of the salaries of said canal commissioners; neither shall said commissioners be entitled to any additional compensation because of the extra labor required by the construction of the improvements contemplated in this act.

§ 1. For repairing the lock-gates. In force July 1, 1874.

AN ACT making an appropriation for repairing the lock-gates on the Little Wabash river.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That the sum of \$1,600 be and the same is hereby appropriated for the purpose of repairing the lock-gates on the Little Wabash river; said amount to be paid by the auditor of public accounts drawing his warrant on the state treasurer, upon an order, or orders, of the canal commissioners, accompanied by satisfactory vouchers, approved by the governor, for the expenditure of the appropriation herein made.

APPROVED March 23, 1874.

§ 1. To remove dam.

§ 2. Auditor to draw warrant.
In force March 27, 1874.

AN ACT to authorize the removal of the feeder dam across the Calumet river, near Blue Island, in Cook county, in the state of Illinois, and to provide compensation to Christian Pfeiffer and John Roll for any loss they may sustain by its removal.

WHEREAS the general assembly of the state of Illinois did, by joint resolution of the 13th and 14th days of March, 1872, direct that the canal commissioners of the state of Illinois proceed at once to remove the dam across the Calumet river at Blue Island, in Cook county, Illinois; and, whereas, an attempt was made by said commissioners to remove said dam, and they were prevented from effecting its removal by injunction obtained by said Pfeiffer and Roll; and, whereas, the said dam is no longer used by this state, and is no longer of public utility, but its continuance is detrimental to the public and causes the overflow of a large body of land in this state and in the state of Indiana, causing great and irreparable injury to the people of said state; therefore

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That the governor of the state of Illinois be and he is hereby authorized and directed to require the canal commissioners of this state, or some suitable persons to be selected by him, without delay to remove the dam across the Calumet river, at Blue Island, and in case the persons so appointed shall fail to remove said dam within a reasonable time thereafter, then, and in that case, the governor shall make such other appointments as may be necessary to

secure the removal of said dam, the expense of such removal to be paid out of the funds in the hands of the canal commissioners or their treasurer.

§ 2. That so soon as Christian Pfeiffer and John Roll shall release to the state of Illinois by quit claim deed all right they now claim to have to the said dam and the water power thereby created, that then and in that case, on the order of the governor, the auditor of public accounts be and he is hereby authorized to draw his warrant on the state treasurer in favor of said Christian Pfeiffer and John Roll for the sum of not exceeding six thousand dollars (\$6,000), to be paid out of any money at any time in the treasury not otherwise appropriated.

§ 3. That as an emergency exists, this act shall therefore take effect and be in force from and after its passage.

APPROVED March 27, 1874.

AN ACT for the erection of a chapel, dining room and school buildings for the Illinois Institution for the Education of the Deaf and Dumb.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That for the purpose of the erection of a chapel, dining room and school buildings for the deaf and dumb, which the inadequate accommodation of the institution, and the law governing the admission of pupils, and a true regard for the interests of the deaf and dumb imperatively demand, the sum of sixty thousand dollars (\$60,000), or so much thereof as may be necessary for the erection of said buildings, is hereby appropriated out of the treasury, payable to the contractor or person or persons to whom the same is due. And that there be and is hereby appropriated the sums of seventeen thousand dollars (\$17,000) for warming and lighting the said buildings and the erection of a boiler house; two thousand five hundred dollars (\$2,500) for the erection and fitting up of a laundry, payable out of the levy of 1873.

§ 2. The auditor of public accounts is hereby authorized and required to draw his warrant on the treasurer for the said sums, upon the order of the board of directors of the Illinois Institution for the education of the Deaf and Dumb, signed by the president and attested by the secretary of said board with the seal of the institution; but no warrant shall issue unless the orders of said board of directors shall be accompanied with satisfactory vouchers approved by the governor; and the sum hereinabove appropriated shall be in full for the completion of said buildings and improvements.

APPROVED May 3, 1873.

§ 1. Support of the Institution, \$72,000 per annum; and \$9,750. In force July 1, 1873.

AN ACT for the support of the Illinois Institution for the Education of the Deaf and Dumb.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That for the purpose of defraying the ordinary expenses of the Illinois Institution for the education of the Deaf and Dumb, from the first day of July, 1873, until the expiration of the first fiscal quarter after the adjournment of the next regular session of the general assembly, the sum of seventy thousand dollars (\$70,000) per annum be and is hereby appropriated, payable quarterly out of the treasury; and that there be and is hereby appropriated the further sum of two thousand dollars (\$2,000) per annum, for repairs; three thousand seven hundred dollars (\$3,700) for the renewal and furnishing of bedding; three thousand eight hundred and fifty dollars (\$3,850) for the renewal of the roof of the main building and north wing; eight hundred dollars (\$800) for the renewal and repairs of floors; one thousand four hundred dollars (\$1,400) for repainting the wood work of the main building and north wing of said institution: *Provided*, that after payment of one quarter has been made, no warrants shall be issued in favor of said institution until satisfactory vouchers shall have been filed with the auditor of public accounts by the superintendent of said institution, approved by the trustees and by the governor, showing in detail the amount and nature of each and every expenditure made out of the preceding quarterly installment of said appropriation, verified by the affidavit of the principal.

§ 2. AN ACT making an appropriation in aid of the erection and for the completion of a building for the Illinois Charitable Eye and Ear Infirmary.

WHEREAS, in the disastrous Chicago fire which occurred on the ninth day of October, 1871, the building occupied by the Illinois Charitable Eye and Ear Infirmary was wholly consumed, with its contents, and the

said institution has since that date occupied leased premises; and whereas, the Chicago relief and aid society has made a donation to the said infirmiry of the sum of \$20,000, for the purchase of a site and the erection of a building thereon; and whereas, the said infirmiry has now in possession land and cash accruing from this and other private gifts, valued at \$33,000, to be used for the purpose aforesaid, of which the state of Illinois will receive the entire benefit, as soon as the said building can be erected: therefore,

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That for the purpose of erecting a building for the use of the said Illinois Charitable Eye and Ear Infirmary, in the city of Chicago, and for plumbing, heating and ventilation of the same, and to fit the same for occupancy by one hundred patients, the sum of \$28,000 (of which \$10,000 shall be payable out of the levy of 1872, and 18,000 shall be payable out of the levy of 1873,) is hereby appropriated, to be paid out of any moneys not otherwise appropriated, as hereinafter provided.

§ 2. The trustees of the said institution are hereby authorized and required to cause to be prepared suitable plans and specifications, in accordance with the first section of this act, by a competent architect, (for which the usual percentage shall be allowed, payable in monthly installments, as the work upon the said building progresses,) which shall be submitted to the governor for his approval, before acceptance; and the said plans and specifications shall in no case be accepted, unless accompanied by a written and signed certificate of the architect, stating that in his professional judgment the said building can be completed for a sum not exceeding \$45,000.

§ 3. Whenever the plans and specifications provided for in this act shall have been approved by the governor and adopted by the trustees, the trustees shall cause to be inserted, in at least five of the daily newspapers published in the city of Chicago, an advertisement for sealed bids for the construction of the building herein authorized; and they shall furnish a printed copy of this act and of the specifications to all parties interested who may apply therefor. And all parties interested, who may desire it, shall have free and full access to the plans, with the privilege of taking notes and making memoranda, and the trustees shall furnish answers to all inquiries addressed to them, on the subject of the proposed building, to the best of their ability and belief.

§ 4. Not less than thirty days after the publication of the said proposals for bids, on a day and at an hour to be specified in the said advertisement, in the city of Chicago, at the infirmary, in the presence of the trustees and of the bidders, or of so many of them as may be present, the bids received shall be opened for the first time, and the contract for building shall be let to the lowest and best bidder: *Provided*, that with the consent and approval of the governor, any and all bids may be rejected, for sufficient cause: *And, provided, further*, that no bid shall be accepted which is not accompanied by a good and sufficient bond, in the penal sum of \$1,000, signed by at least three sureties of known ability and integrity, as a guaranty for the ability and good faith of the bidder.

§ 5. The contract to be made with the successful bidder shall be accompanied by a good and sufficient bond, to be approved by the governor before acceptance; and the said contract shall provide for the appointment of a superintendent of construction, who shall carefully and

accurately measure the work done and the materials upon the grounds, at least once in every month; and for the payment of the contractor upon the aforesaid measurements; and for the withholding of fifteen per cent. of the value of the work done and materials on hand, until the completion of the building, as a guaranty of its completion; and for a forfeiture of a stipulated sum per diem for every day that the completion of the work shall be delayed, after the time specified in the contract for its completion, unless such delay shall be due to the act of the trustees themselves; and for the full protection of sub-contractors, by withholding payment from the contractor, and by paying the sub-contractors directly for all work done by them, in case of failure or refusal on the part of the contractor to fulfill his engagement with them; and for the settlement of all disputed questions as to the valuation of alterations and extras, or any other disputed questions which may arise under the contract, by arbitration, as follows: one arbitrator to be chosen by the trustees, one by the contractor, and one by the governor of the state—all three of the said arbitrators to be practical mechanics and builders; and for the reservation by and to the trustees, of the right, under the contract, to order changes in the plans and detailed drawings, at their discretion, and the right to refuse to accept any work which may be done, and not be fully in accordance with the letter and spirit of the plans, specifications and detailed drawings, and all work not accepted shall be replaced at the expense of the contractor; and for a deduction from the contract price of all alterations ordered by the trustees, which may and do diminish the cost of the building.

§ 6. The said contract shall be signed by the president of the board of trustees, in behalf of the board, after a vote authorizing him so to sign shall have been entered upon the minutes of the board; and it shall be attested by the counter-signature of the secretary of the board and by the seal of the institution. It shall be drawn in duplicate, and one copy of the same shall be deposited in the office of the secretary of state.

§ 7. All bids shall show the estimated cost of the work to be done, of each description, in detail; and the trustees shall have the right and power, at their discretion, to accept bids for particular portions of the work, if for the advantage of the state; and all measurements and accounts, as the work progresses, shall show, in detail, the amount and character of the work for which payment is made.

§ 8. The trustees are authorized to receive gifts and donations of labor, materials or services in aid of the proposed building, and the value of the same, as agreed upon between the trustees and the contractor, shall be deducted from the amount due the contractor, upon final settlement.

§ 9. In case the whole amount herein appropriated shall not be needed for the completion of the building herein proposed, in consequence of gifts from private persons, or for other cause, the surplus remaining after final settlement with the contractor may be applied to the purchase of furniture, fixtures, apparatus or other appliances for the use and comfort of the patients in the said infirmary.

§ 10. The moneys herein appropriated shall be paid to the parties to whom they may become due and payable, directly from the treasury of the state, on the warrant of the auditor of public accounts; and the auditor is hereby authorized and directed to draw the said warrants for moneys due under this act, upon the order of the board of trustees, accompanied by vouchers approved by the governor.

AN ACT in regard to the assessment and collection of taxes in incorporated cities, towns and villages for the year A. D. 1872, and prior years.

WHEREAS certain incorporated cities, towns and villages within this state have proceeded, under the provisions of their respective charters, in the assessing, levying and collection of their respective municipal taxes for the year A. D. 1872, for the reason that it was believed that the general revenue law was not applicable to said year, and other incorporated cities, towns and villages have certified to the county clerk of their respective counties under the provisions of the said general revenue law, the same being entitled "An act for the assessment of property, and for the levy and collection of taxes," in force July 1, 1872; and whereas it is desirable to remove all doubt as to the validity of the tax levies of incorporated cities, towns and villages for said year A. D. 1872:

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That the taxes assessed or levied by any incorporated city, town or village in this state for or during the year A. D. 1872, under or in accordance with the provisions of the charter of such city, town or village, and all proceedings had by such city, town or village, and the officers of any such city, town or village, as to such assessment, levy or the collection of any such taxes, shall be and are hereby declared to be as legal and valid and of like effect as if said act for the assessment of property and for the levy and collection of taxes, in force July 1, A. D. 1872, had not been passed.

§ 2. Any city collector, or other collector having the rolls or warrants for the collection of the taxes so assessed and levied by any such city, town or village, for or during said year A. D. 1872, shall, at such time as may be designated by the legislative authority of any such city, town or village, return to the sheriff in counties not under township organization, and to the treasurer in other counties as county collector, a list of the real estate on which the taxes so assessed or levied by the authority of such city, town or village shall remain unpaid at the time of such return, together with the amount of municipal taxes assessed and levied thereon, as shown by such rolls or warrants. It shall be the duty of the sheriff or county treasurer, as county collector, to advertise, and at such term of the court as may be directed by the legislative authority

of such city, town or village, to apply for judgment, and when judgment is obtained, to sell or offer for sale such delinquent real estate, in the manner that real estate delinquent for state and county taxes is disposed of under the laws of this state, in force and then applicable to the county in which such real estate is situated; but it shall not be required that the dates fixed by such laws shall be observed, with respect to the returns required to be made to the sheriff or county treasurer as county collector, under this act. But the relative times fixed and determined by said laws for the advertisement, judgment, sale and redemption for state and county taxes shall be observed in all proceedings under this act, unless otherwise in this act provided.

§ 3. The amount of any tax heretofore assessed or due on any real estate for any prior year or years, and remaining unpaid for any cause whatever, together with a list of the real estate upon which the same shall have been levied, may be returned to the sheriff or county treasurer by the collector making the return provided in section 2 hereof, at the same time that he makes such return; and where any rolls or warrants for the collection of any such taxes for any prior year or years shall have been destroyed, by fire or otherwise, such collector shall make his return as to the said real estate upon which such taxes assessed for such prior year or years remain unpaid, and the taxes unpaid thereon, from the best information that he can obtain. And all the provisions of this act, relating to the taxes mentioned in said section 2, the return and the collection thereof, shall apply to the taxes authorized to be returned by this section.

§ 4. The county treasurers or sheriffs, as county collectors, upon any return being made to them under this act, shall have all the powers and perform all the duties in regard to the collection of the taxes so returned, the advertisement thereof, the application for judgment and order of sale on the delinquent property so returned and making sale thereof, and in all other matters pertaining to such taxes, as such county collectors have as collectors of state and county taxes in their respective counties, and the county court shall have like jurisdiction as in case of state and county taxes.

§ 5. All payments of delinquent taxes, after such returns, shall be made to the county treasurer or sheriff at his office; and said county collectors shall collect and enforce the payment of all taxes for municipal or other purposes, when a return thereof shall have been made by them as unpaid, in the same manner as such county collectors may be authorized to collect and enforce the payment of state and county taxes; and county courts shall have jurisdiction to hear any application for judgments and orders of sale made by any such treasurer or sheriff as county collector, to enable him to collect and enforce the payment of taxes which may have been returned to him in pursuance of this act; and such courts shall have like powers and like proceedings may be had, as near as may be, as by then existing laws shall be provided to be had on application for judgment and order of sale for state and county taxes: *Provided, however*, that in the notices to be given of the intended application for judgment and order of sale, the time when the sale will commence shall be fixed for the second Monday of the month succeeding the month at which such intended application for judgment and order of sale is to be made. When the legislative authority of any such city, town or village shall direct that the application for judgment and order of sale for such taxes shall be made at the same time that the next

application shall be made in such county for the judgment and order of sale for state and county taxes, the notices or advertisements, judgments and orders of sale and other proceedings may have separate headings indicating the lots or tracts of land taxed or assessed and the amount of the municipal taxes and costs against such lot or tract of land. If from any defect in the proceedings, or for any other cause, judgment and order of sale cannot be obtained for the whole or any part of the municipal taxes so returned, new proceedings may be had under this act for so much as judgment and order of sale was not obtained for, to be collected with the next annual taxes of such city, town or village. The statement in writing (or return) made to any county treasurer or sheriff as county collector, under this act, shall, on the application for judgment and order of sale, be *prima facie* evidence that all the requirements of the law have been complied with in the assessing and levying the taxes therein returned as unpaid, and in the making of such "return;" and also shall, in such application for judgment and order of sale, be *prima facie* evidence that the taxes and assessments therein returned as unpaid, are due and unpaid.

§ 6. The county treasurers or sheriffs, as county collectors of the several counties, having received a "return" of any unpaid taxes under this act, shall keep a true account of all moneys by them collected on account thereof; and shall, as often as once in each month, and as often as once a week, if demanded, pay over the amounts collected to the municipality or other authorities or persons entitled to receive the same; and upon sale having been made of such delinquent lands or lots, shall immediately make a final settlement, and pay over to the proper officers, authorities or persons the full amount that shall then be in his hands, less his fees, which shall be the same as provided by law for the collection of state and county taxes by such officer. All the provisions of said act entitled "An act for the assessment of property, and for the levy and collection of taxes," in force July 1, 1872, as to the manner of conducting the sale, the issuance of certificates of purchase, the redemption from sale and the issuance of deeds upon such certificates, as to the state and county taxes, shall apply to and be in force as to the taxes returned under the provisions of this act.

§ 7. A personal action may be had, either in debt or assumpsit, by the municipal incorporation, either in its own name or by the county collector, to the use of such municipal incorporation, for any taxes on real or personal property, for the amount of the taxes levied thereon by such municipal incorporation, prior to the year A. D. 1873. And upon the trial of such action, a certified copy of so much of the warrant issued by authority of any such city, town or village, as describes the property upon which such tax was levied, and the amount of such tax and to whom assessed, together with the certificate of the officer to whom such warrant was issued, or his successor in office, that such tax remains unpaid, or in case of the destruction of any such warrant, a certified copy of so much of the assessment roll as describes the property assessed, and shows the valuation thereof and to whom assessed, together with a certified copy of the ordinance levying such tax, shall be *prima facie* evidence that such tax is due from the person to whom it is assessed and unpaid, and shall be sufficient to authorize judgment against the person or persons to whom the same was assessed, to be entered in favor of such municipal incorporation for the amount of such tax (and interest, if any there shall appear to be due thereon), unless such *prima*

facie evidence shall be rebutted. In case any such assessment roll, or any such warrant does not show to whom the said property was assessed, the court shall receive all such evidence as may have a bearing on the case, and as may enable the court to determine whether or not the defendant is liable for the taxes claimed in any such action. Upon the rendition of judgment, an execution may issue as in case of other personal judgments, and may be collected in the same manner.

§ 8. The personal action for the collection of such taxes shall be cumulative to the remedy hereby provided for their collection by a return to the county treasurer or sheriff as county collector, and the lien of such taxes on the property assessed shall continue until such taxes are paid by sale of the property assessed, or otherwise: *Provided, however*, there shall be but one satisfaction of such taxes; and upon payment of such taxes, all proceedings for the collection thereof shall be discontinued; but the court shall have power to adjudge the costs upon such discontinuance as it may deem just and equitable.

§ 9. In all judicial proceedings of any kind had under this act, all amendments may be made which, by law, could be made in any personal action pending in such court, and no assessment of property or charge for any of said taxes shall be considered illegal on account of any irregularity in the tax list or assessment rolls, or on account of the assessment rolls or tax lists not having been made, completed or returned within the time required by law, or on account of the property having been charged or listed in the assessment or tax list without name, or in any other name than that of the rightful owner; and no error or informality in the proceedings of any of the officers connected with the assessment, levying or collecting of the taxes, not affecting the substantial justice of the tax itself, shall vitiate or in any manner affect the tax, or the assessment thereof; and any irregularity or informality in the assessment rolls or tax lists, or in any of the proceedings connected with the assessment or levy of such taxes, or any omission or defective act of any officer or officers connected with the assessment or levying of such taxes, may be in the discretion of the court corrected, supplied and made to conform to law by the court, or by the person (in the presence of the court) from whose neglect or default the same was occasioned.

§ 10. Writs of error may be prosecuted to the supreme court as now provided by law, on judgments or orders of county courts, in any such proceedings, subject to the conditions hereinafter contained, in case such writ of error is to operate as a *supersedeas*; and appeals shall also be allowed to the supreme court (and not elsewhere) as now provided by law, in like cases, to the circuit court, from any judgment or order of sale made by any county court respecting any property returned as delinquent, under the provisions of this act; but no appeal shall be allowed, nor shall a writ of error operate as a *supersedeas* to the defendant in any such proceedings, unless he shall, before taking such appeal, or suing out such writ of error, deposit with the county collector an amount of money equal to the amount of the judgment and costs, to be applied as hereinafter provided, and give bond with security conditioned for the payment of all costs and damages that may be sustained by reason of such appeal or writ of error, such bond to run to the People of the State of Illinois, for the use of such city, town or village claiming such taxes; but upon an appeal by such city, town or village, no bond shall be required. If the judgment of such county court shall be affirmed, in whole or in part, it shall be the duty of the supreme court,

upon such affirmance, to enter judgment for the amount of such taxes, with ten per cent. damages added thereto; and the supreme court shall make order that the amount so deposited with the collector, as aforesaid, or so much thereof as may be needed, shall be credited upon the judgment so rendered, and execution may issue for the balance of said judgment, damages and costs. The clerk of the supreme court shall transmit to said collector a certified copy of the order or affirmance; and it shall be the duty of said collector, upon receiving such order, to apply so much of the amount deposited with him by the defendant as shall be necessary to satisfy the amount for which judgment shall have been rendered in the supreme court, and shall account for the same as though such taxes had been paid by the defendant in discharge of the judgment. If the judgment of such county court shall be reversed, and the cause remanded, the county court shall have power to rehear such cause, and shall have all such powers upon such rehearing as is provided in section nine (9) of this act. Should the judgment, upon such rehearing, be against the defendant for the amount of said taxes claimed to be due, or any part thereof, and the same be not appealed from, or a writ of error be not prosecuted with *supersedeas* thereon, as provided by this act, the court shall cause to be certified to said collector the amount of such judgment, and thereupon the county court shall order said judgment to be credited with the amount of such deposit in the hands of said collector, or so much thereof as will satisfy said judgment, and the collector shall charge himself with the amount so certified to him as taxes collected under said judgment, out of the deposit aforesaid: *Provided*, that nothing herein shall be construed as requiring the defendant to make an additional deposit in case of more than one appeal or writ of error being prosecuted in such proceedings. If, upon final hearing, it shall be adjudged that said taxes, or any part thereof, are not due and owing from the defendant, it shall be the duty of the collector to pay over to the defendant the amount of money so deposited, or such part thereof as shall remain after satisfying the judgment to the extent it shall be found against the defendant.

§ 11. When the proper authorities of any incorporated city, town or village shall have certified to the county clerk the several amounts, or the amount which such city, town or village required to be raised by taxation in pursuance of section one hundred and twenty-two (122) of said "Act for the assessment of property, and for the levy and collection of taxes," in force July 1, 1872, and the amount or amounts so certified shall have required or shall require such county clerk, in pursuance of the provisions of said act, to extend upon the proper valuation of property in such city, town or village, a rate per cent. which is or will be in excess of the rate per cent. of taxation limited by the charter of any such city, town or village, such certificate of the amounts or amount required, so made, and the rate per cent. and tax so extended, or so to be extended by such county clerk, shall be as legal and valid to all intents and purposes as if the charter of such city, town or village contained no limitation or restriction as to the rate per cent. of taxation.

§ 12. The provisions of this act shall be applicable to all taxes or water assessments levied under the provisions of the charter of any such incorporated city, town or village.

§ 13. It being important that the incorporated cities, towns and villages in this state should receive their revenues, to be derived from

taxation, at as early date as practicable, an emergency has arisen requiring this act to take effect immediately: therefore, this act shall be in force from and after its passage.

APPROVED March 28, 1873.

§ 1. Extend time for the collection of taxes of
1872.

§ 2. When it shall cease to be in force.
In force January 22, 1873.

AN ACT extending the time for the collection of the taxes on the assessments for the year A. D. 1872, and delinquent and omitted taxes on the assessment books for said year.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly*, That sections 169, 239 and 241, of "An act for the assessment of property, and for the levy and collection of taxes," approved March 30, 1872, which said numbered sections read as follows:

"§ 169. Town and district collectors shall return the tax books and make final settlement for the amount of taxes placed in their hands for collection, on or before the first day of February next after receiving the tax book: *Provided*, that the county collector may first notify, in writing, the several town or district collectors upon what day, within twenty days after the first day of February, they shall appear at his office to make final settlement."

"§ 239. On or before the twenty-eighth day of February, annually, after he has made settlement with town or district collectors, the county collector shall make a sworn statement, showing the total amounts of each kind of tax received by him from town and district collectors, and the total amount of each collected by himself, which statement shall be filed in the office of the county clerk."

"§ 241. The county collector shall, on or before the fifth day of March following, pay over to the state treasurer the taxes in his hands payable to the state treasury, as shown by such settlement."

Shall, to the extent and only so far as the same apply to taxes levied on the assessment of property for the year 1872, or to other taxes required by law to be extended on the tax books with the taxes of said year 1872, be held and are hereby made to read as follows:

"§ 169. Town and district collectors shall return the tax books, and make final settlement for the amount of taxes placed in their hands for collection, on or before the tenth day of March, A. D. 1873: *Provided*, that the county collector may first notify, in writing, the several town or district collectors upon what day, within twenty days after the tenth day of March, they shall appear at his office to make final settlement."

D. 1873, after he has made settlement with the town or district collectors, the county collectors shall make a sworn statement, showing the total amounts of each kind of tax received by him from town and district collectors, and the total amount of each collected by himself—which statement shall be filed in the office of the county clerk."

"§ 241. The county collector shall, on or before the fifteenth day of April, A. D. 1873, pay over to the state treasurer the taxes in his hands payable to the state treasury, as shown by such settlement."

§ 2. On and after the sixteenth day of April, A. D. 1873, this act shall cease to be in force and effect, saving, however, all liabilities incurred thereunder; and thereafter sections one hundred and sixty-nine (169), two hundred and thirty-nine (239), and two hundred and forty-one (241), as first recited in section one of this act, and as they appear and read in the act of March 30, 1872, the title of which is given in the title and section one of this act, shall remain in full force and effect, the same as if this act had never been passed.

Whereas, the benefit of this act and the relief hereby intended to be afforded to tax payers will be lost unless it takes immediate effect, wherefore an emergency exists, requiring that it shall so take effect: therefore this act shall take effect and be in force from and after its passage.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That sections sixty-six (66), one hundred and twenty-two (122), one hundred and thirty-seven (137), one hundred and fifty-five (155), one hundred and sixty-four (164), one hundred and sixty-nine (169), one hundred and seventy-seven (177), one hundred and seventy-eight (178), one hundred and eighty-two (182), one hundred and eighty-five (185), one hundred and ninety-one (191), one hundred and ninety-two (192), one hundred and ninety-three (193), two hundred and twelve (212), two hundred and twenty (220), two hundred and twenty-one (221), two hundred and thirty-nine (239), two hundred and forty-one (241), two hundred and forty-seven (247), and two hundred and seventy-seven (277), of the act aforesaid, be amended so as to read as follows:

§ 66. The county clerk shall make up for the several towns or districts in his county, in books to be provided for that purpose, the lists of lands and lots to be assessed for taxes. When a whole section, half section, quarter section, or half-quarter section, belongs to one owner, it shall, at the request of the owner or his agent, be listed as one tract, and when all lots in the same block belong to one owner, they shall, at the request of the owner or his agent, be listed as a block. When several adjoining lots in the same block belong to the same owner, they shall, at the request of the owner or his agent, be included in one description: *Provided*, that when any tract or parcel of real estate is situa-

ted in more than one town, or in more than one school, road or other district, the portion thereof in each town or district shall be listed separately. Said clerk shall enter in the proper column, opposite the respective tracts or lots, the name of the owners thereof, so far as he shall be able to ascertain the same. Said books shall contain columns in which may be shown the number of acres or lots improved, and the value thereof; the number of acres or lots not improved, and the value thereof; the total value; and such other columns as may be required.

§ 122. The proper authorities of towns, townships, districts, and incorporated cities, towns and villages, collecting taxes under the provisions of this act, shall annually, on or before the second Tuesday in August, certify to the county clerk the several amounts which they severally require to be raised by taxation, anything in their respective charters, or in acts heretofore passed by the general assembly of this state, to the contrary notwithstanding.

§ 137. In all cases the warrant shall authorize the town or district collector, in case any person named in such collector's book shall neglect or refuse to pay his personal property tax, to levy the same by distress and sale of the goods and chattles of such person; and it shall require all payments therein specified to be made by such town or district collector on or before the tenth day of March next ensuing.

§ 155. Every town collector, upon receiving the tax book or books, shall proceed to collect the taxes therein mentioned, and for that purpose shall call at least once on the person taxed, or at his place of residence or business, if in the town of such collector, and shall demand payment of the taxes charged to him on his property: *Provided*, that in counties not under township organization, it shall be the duty of the collector to give notice, in a newspaper published in the county, if any such newspaper there be, stating when and where he will attend in each precinct, for the purpose of receiving taxes, and also by causing written or printed notices to be posted in three of the most public places in each precinct, stating the time when, and the place where, he will be in such precinct, for the purpose of collecting the taxes therein; which said notices shall be published or posted at least ten days before the time fixed for the collection of such taxes, and said notices shall be deemed a sufficient demand for said taxes.

§ 164. Town and district collectors shall, every thirty days, when required so to do by the proper authorities of incorporated towns, cities and villages, road and school districts, for which any tax is collected, render to said authorities a statement of the amount of each kind of tax collected for the same, and at the same time pay over to such authorities the amount so shown to be collected.

§ 169. Town and district collectors shall return the tax books, and make final settlement for the amount of taxes placed in their hands for collection, on or before the tenth day of March next after receiving the tax book: *Provided*, that the county collector may first notify, in writing, the several town or district collectors upon what day, within twenty days after the tenth day of March, they shall appear at his office to make final settlement.

§ 177. All real estate upon which taxes remain due and unpaid on the tenth day of March annually, or at the time the town or district collector makes return of his books to the county collector, shall be deemed delinquent.

§ 178. When any special assessment made by any city, town or village, pursuant to its charter, or by any corporate authorities, commissioners or persons, pursuant to law, remain unpaid in whole or in part, return thereof shall be made to the county collector on or before the tenth day of March next after the same shall have become payable, in like forms as returns are made for delinquent land tax. County collectors shall collect, account for, and pay over the same to the authorities or persons having authority to receive the same, in like manner as they are required to collect, account for and pay over taxes. The county collector may, upon return of delinquent special assessment to him, transfer the amounts thereof from such returns to the tax books in his hands, setting down therein, opposite the respective tracts, or lots, in proper columns to be prepared for that purpose, the amounts assessed against such tract or lot.

§ 182. At any time after the first day of April next after such delinquent taxes and special assessments on lands and lots shall become due, the collector shall publish an advertisement, giving notice of the intended application for judgment for sale of such delinquent lands and lots, in a newspaper published in his county, if any such there be, and if there be no such paper printed in his county, then in the nearest newspaper in this state to the county seat of such county. Said advertisement shall be once published at least three weeks previous to the term of the county court at which judgment is prayed, and shall contain a list of the delinquent lands and lots upon which the taxes or special assessments remain due and unpaid, the names of owners, if known, the total amount due thereon, and the year or years for which the same are due. Said collector shall give notice that he will apply to the county court, at the term thereof, for judgment against said lands and lots for said taxes, special assessments, interest and costs, and for an order to sell said lands and lots for the satisfaction thereof; and shall also give notice that, on the Monday next succeeding the day fixed by law for the commencement of such term of the said county court, all the lands and lots for the sale of which an order shall be made, will be exposed to public sale at the building where the county court is held in said county, for the amount of taxes, special assessments, interest and costs due thereon; and the advertisement published according to the provisions of this section shall be deemed to be sufficient notice of the intended application for judgment and of the sale of lands and lots under the order of said court. Where the publisher of any paper that may have been selected by the collector shall be unable or unwilling to publish such advertisement, the collector shall select some other newspaper, having due regard to the circulation of such paper.

§ 185. All applications for judgment and order of sale for taxes and special assessments on delinquent lands and lots, shall be made at the May term of the county court. If, for any cause, the court shall not be held at the term at which judgment is prayed, the cause shall stand continued; and it shall not be necessary to re-advertise the list or notice required by law to be advertised, before judgment and sale, but at the next regular term thereafter the court shall hear and determine the matter; and if judgment is rendered, the sale shall be made on the Monday specified in the notice, as provided in section 182—such Monday to be fixed by the county collector in the notice. If, for any cause, the collector is prevented from advertising and obtaining judgment at said term, it shall be held to be legal to obtain judgment at

any subsequent term of said court; but if the failure arises by the county collector's not complying with any of the requirements of this act, he shall be held on his official bond, for the full amount of all taxes and special assessments charged against him: *Provided*, that any such failure on the part of the county collector shall not be allowed as a valid objection to the collection of any tax or assessment, or to a rendition of judgment against any delinquent lands and lots, included in the application of the county collector: *And, provided, further*, that on the application for judgment, at such subsequent term, it shall not be deemed necessary to set forth or establish the reasons of such failure.

§ 191. The court shall examine said list, and if defense (specifying in writing, the particular cause of objection) be offered by any person interested in any of said lands or lots, to the entry of judgment against the same, the court shall hear and determine the matter in a summary manner, without pleadings, and shall pronounce judgment as the right of the case may be. The court shall give judgment for such taxes and special assessments and penalties as shall appear to be due, and such judgment shall be considered as a several judgment against each tract or lot, or part of a tract or lot, for each kind of tax or special assessment included therein; and the court shall direct the clerk to make out and enter an order for the sale of such real property against which judgment is given, which shall be substantially in the following form:

Whereas due notice has been given of the intended application for a judgment against said lands and lots, and no sufficient defense having been made, or cause shown, why judgment should not be entered against said lands and lots, for the taxes, (special assessments, if any,) interest, penalties and costs due and unpaid thereon for the year or years herein set forth, therefore it is considered by the court that judgment be and is hereby entered against the aforesaid tract or tracts, or lots of land, or parts of tracts or lots, as the case may be, in favor of the People of the State of Illinois, for the sum annexed to each, being the amount of taxes, (and special assessments, if any,) interest, penalties and costs due severally thereon; and it is ordered by the court that the said several tracts or lots of land, or so much of each of them as shall be sufficient to satisfy the amount of taxes, (and special assessments, if any,) interest, penalties and costs annexed to them severally, be sold as the law directs.

Said order shall be signed by the judge. In all judicial proceedings of any kind, for the collection of taxes and special assessments, all amendments may be made which, by law, could be made in any personal action pending in such court, and no assessment of property or charge for any of said taxes shall be considered illegal on account of any irregularity in the tax lists or assessment rolls, or on account of the assessment rolls or tax lists not having been made, completed or returned within the time required by law, or on account of the property having been charged or listed in the assessment or tax list without name, or in any other name than that of the rightful owner; and no error or informality in the proceedings of any of the officers connected with the assessment, levying or collecting of the taxes, not affecting the substantial justice of the tax itself, shall vitiate or in any manner affect the tax or the assessment thereof; and any irregularity or informality in the assessment rolls or tax lists, or in any of the proceedings connected with the assessment or levy of such taxes, or any omission or defective act of any officer or officers connected with the assessment or levying of such taxes, may be in the discretion of the court corrected, supplied and made to conform to law by the court, or by the person, in the presence of the court, from whose neglect or default the same was occasioned.

§ 192. Appeals from the judgment of the court may be taken during the same term to the circuit court of the county, on the party praying

the appeal executing a bond to the People of the State of Illinois, with two or more sureties, to be approved by the court, in double the amount of the judgment, conditioned that the appellant will prosecute his said appeal with effect, and will pay the amount of any tax, assessment and costs which the circuit court on the trial of the appeal may render against any real estate embraced in such appeal. The county board or proper authorities of any city, village or town, or other authority or person to whom any tax or assessment is payable, may, in like case, appeal to the circuit court without giving bond.

§ 193. If judgment shall be rendered against any particular lot, piece, parcel or tract of land embraced in such appeal, it shall be the duty of the clerk of said circuit court, in all cases of appeal, to make and deliver to the county clerk a record of the lands and lots against which judgment is rendered, substantially as is provided for county clerks, in section 194 of this act; which record, when filed in the office of said county clerk, shall be the process on which such real estate, or any interest therein, shall be sold for such taxes or assessments, as well as the record for the sale thereof, and it shall be the duty of the county collector, assisted by the county clerk, to proceed and sell the same, for the amount of such judgment and costs, in the manner provided where judgment is rendered by the county court against delinquent real estate. The collector shall publish a general notice of such sale, in a newspaper published in his county, if any such there be, and if there be no such paper published in his county, then in the nearest newspaper published in the state to the county seat of such county—said notice to be so published once in such newspaper, at least three weeks previous to the day fixed for such sale. Upon the dismissal of any appeal, and upon filing in the office of the county clerk a certified copy of the order of such dismissal, the county clerk shall make a record of the lands and real estate embraced in the appeal, which shall be the process on which such real estate embraced in such appeal shall be sold; and it shall be the duty of the county collector to proceed to sell the same in the manner provided hereinbefore in cases of judgment being rendered against real estate by the circuit court on the trial of an appeal, and all the provisions of law shall apply to such sale, as in other cases.

§ 220. When any person shall hold more than one certificate of purchase at the same sale, and for the same year's tax or special assessment, the clerk shall, on the request of the holder of such certificate, include as many tracts or lots described therein in the deed of conveyance as such person may desire, and for which deed the county clerk shall have a fee of fifty cents for each certificate embraced therein: *Provided*, that no greater fee than \$3 shall be charged upon any one deed.

§ 221. The deed so made by the county clerk under the official seal of his office shall be recorded in the same manner as other conveyances of real estate, and shall vest in the grantee, his heirs and assigns, the title of the property therein described without further acknowledgment or evidence of such conveyance, and said conveyance shall be substantially in the following form:

STATE OF ILLINOIS, {
..... County. } ss.

Whereas, at a public sale of real estate for the non-payment of taxes, made in the county aforesaid, on the.....day of A. D. 18.., the following described real estate was sold, to-wit: (here place description of real estate conveyed); and whereas, the same not having been redeemed from said sale,

and it appearing that the holder of the certificate of purchase of said real estate has complied with the laws of the State of Illinois necessary to entitle (insert him, her or them) to a deed of said real estate: Now, therefore, know ye, that I, ... county clerk of said county of, in consideration of the premises and by virtue of the statutes of the State of Illinois in such cases provided, do hereby grant and convey unto, his heirs and assigns forever, the said real estate hereinbefore described, subject, however, to any redemption provided by law.

Given under my hand and the seal of our court this day of A. D. 18..

..... County Clerk.

§ 212. The books and records belonging to the office of the county clerk, or copies thereof, certified by said clerk, shall be deemed *prima facie* evidence to prove the sale of any land or lot for taxes or special assessments, the redemption of the same, or payment of taxes or special assessments thereon. The county clerk shall, at expiration of his term of office, pay over to his successor in office all moneys in his hands received for redemption from sale for taxes on real estate.

§ 239. On or before the tenth day of April, annually, after he has made settlement with town or district collectors, the county collector shall make a sworn statement, showing the total amounts of each kind of tax received by him from town or district collectors, and the total amount of each collected by himself—which statement shall be filed in the office of the county clerk.

§ 241. The county collector shall, on or before the fifteenth day of April following, pay over to the state treasurer the taxes in his hands, payable to the state treasury, as shown by the statement required by section 239 of this act.

FINAL SETTLEMENT OF THE COUNTY COLLECTOR FOR STATE TAXES.

§ 247. § 1. City council authorized to appoint a collector of taxes.

§ 2. Term of office one year.

§ 3. May extend time for the collection of taxes.
In force March 5, 1873.

AN ACT to provide for the collection of revenue, and for the sale of real estate for non-payment of taxes for state, county, municipal or other purposes, for the year A. D. 1872, in cities situated in counties under township organization, in which no collector of taxes is now provided for by law.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly*, That in all cities in this state, situated in counties under township organization, in which neither a township or city collector is now provided for by law, the city council of such city is hereby authorized and required to appoint a collector of taxes, within and for such city, and when appointed and duly qualified, shall possess all the powers, and perform the same duties within such city, as are required to be performed by town or district collectors, under the general revenue laws of this state, and shall be entitled to receive the same compensation as is now allowed town or district collectors. All the provisions of the general revenue laws of this state shall be applicable to such collector, with like effect as to town or district collectors, except so far as is expressly provided in this act. Any collector so appointed may be removed by the city council of the city making the appointment.

§ 2. Such collector so appointed shall hold his office for one year, unless his successor is sooner appointed by said city council under this act, or elected pursuant to law. Before such collector shall enter upon his duties, he shall take an oath of office, and give bonds, as nearly as may be, as is now required of town and district collectors, in section 133 of an act entitled "An act for the assessment of property and for the levy and collection of taxes," approved March 30, 1872. Such bonds shall be approved by the city council appointing said collector, and shall be recorded in the office of the recorder of deeds of the county in which said city is situated, and said bond shall then be filed with the clerk of the county court, and such bond, when so recorded, shall be a lien against the real estate of such collector, until he shall have complied with the conditions thereof.

§ 3. In case of such appointment by any city council, such city council may, in its discretion, when deemed necessary to enable such collector to make such collection, extend the time for the collection of taxes in such city, for the year 1872, for a period not later than the tenth day of May, 1873, of which extension the county collector shall be promptly notified by the city clerk.

§ 4. Whereas there is no provision of law for the collection of state and other taxes in the city of Quincy, now extended upon the state tax books of said city, for the year A. D. 1872, and until this law shall go into effect such taxes cannot be collected, whereby an emergency exists, that this law should take immediate effect: therefore, this act shall take effect and be in force from and after its passage.

§ 1. Legalize assessments made by cities and towns for the year 1872. In force March 23, 1873.

AN ACT to legalize the extension of taxes in certain cases.

WHEREAS, the proper authorities of some of the cities and incorporated towns in this state made their own assessments of property, and collected the tax thereon, for the year A. D. 1872, the same being completed, in many instances, nearly a year prior to the time when the taxes on the state assessment are completed; and, whereas, an act entitled "An act for the assessment of property and for the levy and collection of taxes," approved March 30, 1872, requires all taxes to be extended on the assessment of property made under said act, it therefore becomes necessary that the proper authorities of such cities and towns be permitted to obtain such revenue as they may require, in order to bring their revenue year to conform to the state revenue law; therefore,

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly*, That, in any case, where the proper authorities of cities and incorporated towns have certified to the county clerk the amount or amounts of revenue by them required, under section (122) one hundred and twenty-two of the state revenue law, and said clerk has computed a rate, to produce said amount or amounts, on the assessment of property made under the state revenue laws, for the year A. D. 1872, and extended the same on said assessment, as provided by the

(127 and 128) one hundred and twenty-seventh and one hundred and twenty-eighth sections of said state revenue law, the action of said authorities and such county clerk is hereby declared legal and valid; and the city and town taxes, so extended, shall be and remain a lien on the property against which they are extended, to the same extent as now provided in sections (253 to 256) two hundred and fifty-three to two hundred and fifty-six, inclusive, of said act.

§ 2. Whereas the state revenue law in force July 1, 1872, requires all taxes to be extended on the assessment of property made under said act, therefore an emergency exists that this law should take immediate effect: therefore, this act shall take effect and be in force from and after its passage.

All assessments of property made for the year A. D. 1873 by such assessor and collector, are hereby declared to be as legal and valid as if made in strict compliance with the requirements of the general revenue law of this state.

§ 2. Such assessor shall, as soon as possible after the passage of this act, return a copy of his assessment books and schedules to the county clerk of the county in which such city is situated, as required by sections 90 and 91, of an act approved March 30, 1872, entitled "An act for the assessment of property and for the levy and collection of taxes;" and said county clerk is hereby required to proceed at once, as in the case of any assessment made under said act, to correct and perfect said books, and make out and transmit to the auditor of public accounts an abstract of the assessment of property in said city, as required by section 98 of said act approved March 30, 1872; and the auditor of public accounts shall equalize the assessment of such city, and complete the assessment of the capital stock of each company or association in such city, and report the rates to be added or deducted

from the assessed valuation, and the amounts assessed to such county clerk, in the manner provided by law; and such county clerk is hereby required to extend upon the valuation so equalized and assessed, in the book or books for the collection of taxes in such city, the full amount of taxes required to be collected, on the rates certified by the auditor of public accounts, and also the full amount required to be levied and collected for county purposes within such city for the year 1873, and when completed shall deliver said tax book or books to the collector, mentioned in section 1 of this act, as soon as he is qualified as herein-after provided.

§ 3. Such collector, so appointed, shall hold his office for one year, unless his successor is sooner appointed by said city council or elected pursuant to law. Before such collector shall enter upon his duties, he shall take an oath of office, and give bond, as nearly as may be, as is now required of town or district collectors in section 133 of an act entitled "An act for the assessment of property and for the levy and collection of taxes," approved March 30, 1872. Such bond shall be approved by the city council appointing said collector, and shall be recorded in the office of the recorder of deeds of the county in which such city is situated; and said bond shall be filed with the clerk of the county court, and when so recorded shall be a lien upon the real estate of such collector, until he shall have complied with the conditions thereof.

§ 4. The time for the collection of the state and county and other taxes for 1873, in cities mentioned in section 1 of this act, is hereby extended to the tenth day of May, A. D. 1874.

§ 5. Whereas, there is no provision of law for the assessment and collection of state and county taxes, in cities mentioned in section 1 of this act, for the year A. D. 1873, wherefore an emergency exists, that this law should take effect immediately: therefore, this act shall take effect and be in force from and after its passage.

AN ACT to enable towns and villages in counties in this State having more than forty thousand inhabitants, according to the last Federal census, having commons, to dispose of the same.

WHEREAS certain towns and villages in this state are possessed of commons, being lands derived from ancient grants, which lands were leased for long terms of years under various acts of the general assembly; and, whereas, it has become necessary, in order to encourage the improvement of such lands, and to promote the public welfare, that such towns and villages should be authorized to vest, in persons holding such commons under such leases, an absolute title to the same:

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That the several towns and villages in this state, in counties having more than forty thousand inhabitants, according to the last federal census, owning commons, be and they are hereby empowered and authorized to sell and convey the absolute title to the same to the persons holding the same from the proper officer or officers of such town or village having power to make leases of such commons, in manner following:

§ 2. No such sale or conveyance shall be made of such commons until upon the petition of at least ten (10) lessees thereof, addressed to the proper officer or officers of such town or village having power to make leases of such commons, nor until the inhabitants of such town or village shall, by a vote of such inhabitants, being *bona fide* residents and voters therein for the space of at least one whole year previous to the polling of such vote, have determined that they will so dispose of such commons.

§ 3. Whenever the officer or officers of such town or village, having by existing laws the power to make leases, shall have been petitioned as provided in section two (2) of this act, the said officer or officers shall give thirty (30) days' notice of such election, by publication in a newspaper of the county in which said town or village is situate, and also by notices printed and posted up in at least four of the most public places in said town or village, specifying the time and place at which the said election shall be held; and the said officer or officers shall appoint three inhabitants and legal voters of such town and village to act as judges of said election; and every such election shall be conducted in the manner as they have heretofore been in the election of supervisors and school trustees according to law. The vote taken shall be "For selling the commons," or "Against selling the commons." Such election shall be held at the school house in such town or village.

§ 4. The result of the election shall be certified by the judges and clerks of the election in duplicate, one of which certificates shall be filed in the office of the clerk of the county court, and the other filed and recorded in the office of the recorder of said county.

§ 5. If at any such election three-fourths of the votes cast shall be in favor of selling such commons, then any person or persons entitled to any portion of such commons by virtue of existing leases, shall have the right to acquire the fee-simple title to such portion by paying therefor to the officer or officers who has or have by law power to make leases a sum of money which, at three per cent. per annum, will produce annually a sum equal to the rent due yearly, under the lease proposed to be extinguished by the purchase: *Provided*, that after the expiration of two (2) years from and after the holding of such election, and the filing for record of the result thereof, the same having been decided in favor of selling the commons, the said officer or officers shall be authorized to dispose of and convey the said fee-simple title to all of the commons then unsold for a less sum, to be agreed upon by and between such officer or officers and the respective lessee or lessees, but for no less price than a sum which at six per cent. per annum will produce annually an amount equal to the yearly rent due for the respective parts of such commons to be sold. The sale of such commons may, at the option of the purchaser, be for cash, or one-fifth cash, and the remainder in four annual installments, bearing interest at eight per cent. per annum, payable annually, secured by notes and mortgage on premises sold.

§ 6. All deeds necessary for the purpose of conveying the absolute title to commons under this act shall be made by the officer or officers now by law authorized to make leases to commons in the respective town or village. All such deeds so made shall be *prima facie* evidence of title, and that the provisions of this act have been complied with.

§ 7. The money arising from such sales shall be applied, after paying necessary expenses, to the same purposes that the rents and profits derived from leasing the commons have been hitherto applied under authority of law; but, until otherwise provided by law, only the interest shall be thus applied.

§ 8. The officer or officers authorized by law to lease the commons of such town or village shall have the custody of all money derived from leasing or selling the same. Such officer or officers shall give bond in double the amount of all money that may come into his hands, with two or more sureties, to be approved by the county judge of the county in which such town or village is situated. Said bond shall be executed to the People of the State of Illinois, for the use of the inhabitants of such town or village, and be conditioned for the faithful discharge of their duties, and accounting for and proper application of all money that may come into his or their hands, and such bond may be increased from time to time, and additional security given, as required by the county judge.

§ 9. Money derived from such sales may be converted into bonds of the United States, or state of Illinois, or other equally good securities, or may be loaned on notes secured by mortgage on real estate worth at least double the sum loaned.

Such proposals shall be in triplicate and accompanied by a bond in the penal sum of \$5,000, signed by two sureties; which said bond must be satisfactory to the said commissioners, and approved by the governor and filed in his office until the award shall be made, when the said bond shall be deposited in the office of the state treasurer, and placed in the vaults thereof for safe keeping. § 2. That it shall be the duty of the person receiving the contract for copying the laws, journals and joint resolutions, to copy such laws, journals and joint resolutions as fast as the same shall be required by the public printer; and in case such contractor shall neglect or fail, from any cause, to copy the laws, joint resolutions or journals as fast as the same shall be required by the public printer, it shall be the duty of the public printer at once to notify the secretary of state, in writing, of such neglect or failure; and the want of copy shall be no excuse for the printer not performing his contract, unless he shall give notice, in writing, as aforesaid, and then only for the length of time such printer, is actually delayed for want of copy.

§ 3. That the copying of the laws, joint resolutions and journals shall be done in the state house, under the personal supervision of the secretary of state; and such copies shall be carefully compared with the original in his office before being printed.

§ 5. That if the governor shall refuse to approve the contracts made under section one (1) of this act, after advertising as therein mentioned, or if the contractor shall fail to comply with the provisions of his contract, or of this act, it shall be the duty of the commissioners of public printing, with the approval of the governor, to re-let the contract in such manner as said commissioners and the governor shall think will be for the best interests of the state: *Provided, however*, that such copying shall, in no case, cost the state more than six cents per one hundred words, and that no officer of the state shall derive any profit therefrom.

§ 7. That if the contractor shall at any time neglect or fail to comply with his contract, it shall be the duty of the secretary of state, under the direction of said commissioners, to notify the attorney-general, and of the attorney general to at once bring suit on the bond of such contractor, against him and his sureties, and prosecute the same to judgment.

§ 8. The original journals, which may be prepared by the secretary of the senate and the clerk of the house of representatives, shall be securely bound in books and filed in the office of the secretary of state.

§ 9. There shall be copied, for the use of the public printer, one copy of all the laws and joint resolutions passed by the general assembly, and one copy of the journals of each house thereof; but no reports which are required to be made to the governor or to the general assembly, annually or biennially, shall be included in such journals.

§ 10. Immediately after the passage of this act it shall be the duty of the commissioners of public printing to advertise for proposals to do the copying of the laws and journals of the twenty-eighth general assembly, and shall award the contract in the manner and form provided in section one of this act, as near as may be.

COUNTIES.

§ 1. Commissioners, by a two-thirds vote, issue bonds for county purposes.

§ 2. Increased appropriation by a vote of the people.

In force July 1, 1873.

AN ACT to amend sections one (1) and three (3) of an act entitled "An act to enable counties having over one hundred thousand inhabitants to issue bonds and borrow money for county purposes," approved February 23, 1872.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That section 1 of an act entitled "An act to enable counties having over one hundred thousand inhabitants to issue bonds and borrow money for county purposes," approved February 23, 1872, be and the same is hereby amended so that the same shall read as follows: "That the board of commissioners of counties contain-

ing over one hundred thousand inhabitants may, in their discretion, by a two-thirds vote, for the purpose of erecting a court house on the site heretofore used for that purpose, and a jail, and other necessary public buildings for the use of said county, at such points and places as may be selected by said board, and for the purpose of funding the floating debt of said county, issue the bonds of said county from time to time, as the same may be required, to bear interest not exceeding seven per centum per annum, payable semi-annually: *Provided*, that the issuing of said bonds is hereby limited by the constitutional limitation which limits the amount of indebtedness, including that then existing, to five per centum on the value of the taxable property in the county, to be ascertained by the last assessment for state and county taxes previous to the incurring of such indebtedness, the principal and interest of said bonds to be made payable at such time or times, not exceeding twenty years from the date thereof, and at such place or places as such board shall designate. And the said board may authorize said bonds to be sold from time to time, at not less than their par value, and by a two-thirds vote of said board they may be sold at less than par; the proceeds thereof to be paid into the county treasury, to be used as required for the purposes aforesaid: *Provided*, no bonds shall be issued or sold under the provisions hereof, after six years from the time when this act shall take effect."

§ 2. *Be it further enacted*, That section 3 of an act entitled "An act to enable counties having over one hundred thousand inhabitants to issue bonds and borrow money for county purposes," approved February 23, 1872, be and the same is hereby amended so that the same shall read as follows, to-wit: "In case said board of commissioners shall issue and sell the bonds of said county, in pursuance thereof, they shall from time to time, as the same may be required, cause taxes to be levied upon the taxable property within the limits of said county, for the payment of the principal and interest of said bonds as the same shall become due and payable—which taxes shall be collected as other county taxes, and when collected shall be applied to the payment of said principal and interest. In case, however, the county board shall be of the opinion that the tax of 75 cents on the \$100 valuation authorized by the constitution is inadequate for county purposes, and to provide for the payment of the interest of said bonds and to discharge the principal within twenty years, or any portion of such bonds that may be issued, they shall have power to provide for such interest and principal by assessing a greater tax upon the valuation when authorized by a vote of the people of the county. In such case the county board shall, prior to the issue of such bonds, adopt a resolution setting forth substantially the purpose for which said bonds are proposed to be issued, together with the fact that an additional rate of taxation is necessary, and the probable rate required per annum in excess of 75 cents on the \$100 valuation, for a period of years not exceeding twenty, and that the question of assessing the additional rate shall be submitted to a vote of the people of the county at the next election thereafter to be held for the election of county officers. Such question shall be submitted to such vote at the next election for county officers held after the adoption of such resolution, and it shall be the duty of the county clerk, in his election notice, to give notice of such submission. The tickets shall be written or printed, on a separate ticket, "For additional tax," or "Against additional tax." And if a majority of the votes cast on the

subject are "for additional tax," then the said board shall be authorized, in addition to the rate of 75 cents on the \$100 valuation to levy a rate each year not exceeding that set forth in such resolution on the \$100 valuation, for a period not exceeding twenty years from and after the date of such bonds, or the last issue thereof, and the same shall be extended and collected as other county taxes; and such tax when collected shall be set apart as a fund to pay such interest and principal. The judges of election shall deposit the ballots in a separate box, to be provided by the county board for that purpose, and the same shall be counted and returns thereof made as in other cases of elections. The returns shall be canvassed in the same manner and by the same persons prescribed by law in case of county officers.

§ 2. And in all cases where chancery jurisdiction has been conferred upon county courts by special enactment, and such chancery jurisdiction has been repealed, or has ceased to exist, by virtue of said act in force July 1, 1872, all causes pending, together with the records, files and papers pertaining to such chancery jurisdiction, without regard to the amounts in controversy, are hereby transferred to the circuit court of the respective county.

§ 3. All causes transferred from said county courts to the circuit courts, as provided in the foregoing sections of this act, may be tried and disposed of in said circuit courts in the same manner that they might have been in said county courts had their jurisdiction not been reduced.

§ 4. All the records, files and papers pertaining to the cases hereinbefore transferred, shall be transferred to the said circuit courts, and

§ 9. Whereas, under the decision of the supreme court, the act in force July 1, 1872, established a uniform jurisdiction in all the county courts of this state; and whereas, under special enactments many county courts were exercising jurisdiction in excess of that established under the act of 1872, and many suits were commenced and judgments rendered for a greater sum than five hundred dollars (\$500): therefore, an emergency exists, and this act shall take effect and be in force from and after its passage.

AN ACT to provide for the appointment of a board of trustees and a steward for the Southern Illinois Insane Asylum, and a board of trustees for the Southern Illinois Normal School, and to prescribe the duties of such boards of trustees and steward.

SECTION 1. *Be it enacted by the People of the State of Illinois, represented in the General Assembly,* That the governor of the state of Illinois be and he is hereby authorized and empowered, by and with the advice and consent of the senate, to appoint five trustees for the Southern Illinois Insane Asylum, and five trustees for the Southern Illinois Normal School. The trustees for said asylum shall serve for the same term and in the same manner as is provided by law for the trustees of the Illinois Hospital for the Insane, at Jacksonville.

§ 2. It shall be the duty of said board of trustees for said asylum to appoint a steward and superintendent, who shall be a properly qualified physician, and shall reside in the asylum. Said superintendent shall have charge of the patients placed therein, and the entire control of all assistants, employees and inmates; his term of appointment shall be two years: *Provided, however,* that he shall be subject to removal for incompetency or for infidelity to his trust. His salary shall be fixed by the board of trustees, and when so fixed, shall not be increased or reduced during the period for which he shall have been appointed.

§ 3. The said board of trustees shall also appoint all necessary assistant physicians, and employ or authorize to be employed all attendants and other persons whose services may be necessary in the management of the asylum, and prescribe and regulate the duties of all persons so appointed and employed, and provide for the medical treatment of all inmates.

§ 4. Insane and distracted persons residing in this state will be committed to and provided for in said asylum, whenever there shall be sufficient room for their accommodation, in such order and under such restrictions as said board of trustees may adopt, and as shall be provided by law.

§ 5. The said board of trustees shall meet quarterly, on such days as they may designate, such meetings to be held at said asylum. They shall also appoint from their own body an executive committee, consisting of three persons, who shall meet monthly for the transaction of such business as they may, by said board of trustees, be empowered and authorized to transact.

§ 6. The accounts of said asylum shall be stated and settled annually, with the auditor of public accounts; and the board of trustees shall, fifteen days previous to each regular session of the general assembly, submit to the governor a report of all their actions and pro-

ceedings in the execution of their trust, with a statement of all the accounts, connected therewith, to be by the governor laid before the general assembly.

§ 7. Insane persons whose estates are sufficient shall be required to pay the expense of their transportation to and from said asylum, and a reasonable compensation, to be fixed by the executive committee or the board of trustees, for their care and board, while they are inmates of said asylum.

§ 8. As soon as the said asylum shall be completed and ready for the reception of insane persons, the governor shall make proclamation thereof.

§ 9. The laws regulating the reception, care and treatment of patients in the Illinois State Hospital for the Insane, at Jacksonville, shall govern the trustees and other officers in the Southern Illinois Insane Asylum, except as herein otherwise provided.

§ 10. The steward shall have charge of the boarding department of the asylum, and shall make a report of all his transactions in the discharge of his duties, to the executive committee, at their monthly meetings; and shall perform such other duties as may be required of him by the board of trustees or executive committee. He shall be appointed for a term of two years, but shall be subject to dismissal at any time within said term for neglect of duty or incompetency. He shall receive as compensation for his services such salary, not exceeding the sum of \$1200 per annum, as the board of trustees may prescribe: *Provided*, that such salary, when fixed, shall not be increased or reduced during the term for which he shall have been appointed.

§ 11. As soon as said asylum shall be so far completed as to receive insane persons, the powers and authority of the commissioners for the construction of said asylum shall cease and determine, as to the part so completed, and they shall have no further control over the part so completed, but the board of trustees shall thereupon and thereafter assume the control thereof: *Provided*, that nothing herein shall be so construed as to authorize the appointment, or recognize the official existence of said board of trustees, until said asylum shall be so far completed as to be ready for the reception of insane persons.

§ 12. The trustees to be appointed as herein provided, for said normal school, shall serve the same term, and in the same manner, shall have the same rights, privileges and powers, perform the same duties and be governed by the same laws as the trustees of the normal school at Normal; *Provided, however*, that nothing herein contained shall be so construed as to abrogate, annul or set aside any of the rights, privileges, powers or duties of said board of trustees set forth in an act of the general assembly, entitled "An act to establish and maintain the Southern Illinois Normal University," approved March 9, A. D. 1869.

§ 13. As soon as the said normal school shall be completed, the power and authority of the commissioners for the erection thereof shall cease and determine, and the said board of trustees shall thereupon proceed to furnish the same for the purposes for which it was erected, in accordance with the plans heretofore adopted.

§ 14. So much of an act entitled "An act to locate, erect and carry on an asylum for the insane," approved April 16, A. D. 1869, and so much of an act entitled "An act to establish and maintain the Southern Illinois Normal University," approved March 9, A. D. 1869, and all acts

or. parts of acts heretofore passed, whose provisions are inconsistent with the provisions of this act, are hereby repealed.

§ 15. Whereas the north wing and the east wing of the north wing of the said Southern Illinois Insane Asylum, are now completed; and whereas it is expected that the work on the central building of said asylum will be sufficiently advanced to admit of the occupation of said building prior to the first day of July, A. D. 1873; therefore an emergency is declared to exist, and this act shall take effect and be in force from and after its passage.

§ 3. If for any reason the list or the selection provided for in the foregoing sections of this act shall not be made at the meeting of the board held at the time specified, such list or selection shall be made at any meeting to be held as soon thereafter as may be.

§ 4. The following persons shall be exempt from serving as jurors, to-wit: the governor, lieutenant-governor, secretary of state, auditor of public accounts, treasurer, superintendent of public instruction, attorney-general, members of the general assembly during their term of office, all judges of courts, all clerks of courts, sheriffs, coroners, post-masters, mail carriers, practicing attorneys, all officers of the United States, officiating ministers of the gospel, school teachers during the terms of school, practicing physicians, constant ferrymen, mayors of cities, policemen and active members of the fire department.

§ 5. At the time of making such selection, the name of the person selected shall be checked off from such list, and shall not be again selected as a juror until every person named upon such list qualified to serve as a juror has been selected; and all subsequent selections of jurors by such board shall be made from such list until all persons thereon qualified to serve have been selected, or until the expiration of two years from the time of the making of such list, when a new list shall be made: *Provided*, if any person who has been selected as a juror shall not have been drawn, or have served upon a jury during the year for which he was selected, he shall, if qualified, be selected for the next year.

§ 6. As often as one list shall have been exhausted, another shall be furnished, as provided in section 1 of this chapter, and the jurors shall be selected therefrom in the manner provided in sections two (2) and three (3). The clerks of the circuit courts and other courts of record in the county, shall, at the end of each term of court, furnish the county clerk a list of all persons who have served as jurors during the term.

§ 7. A list of jurors so selected shall be kept at the office of the county clerk, who shall write the name and residence of each person

selected upon a separate ticket and put the whole into a box to be kept for that purpose.

§ 8. At least twenty days before the first day of any trial term of any of said courts, the clerk of such court shall repair to the office of the county clerk, and in the presence of such county clerk, after the box containing said names has been well shaken by the county clerk, and without partiality, draw from said box the names of a sufficient number of said persons, then residents of said county, not less than thirty for each two weeks that such court will probably be in session for the trial of common law cases, to constitute the petit jurors for that term, and where there is an additional judge in any court of record, a like number for each additional judge requiring a jury: *Provided*, that should the clerk draw from said box the name of a person whom he may know to be dead to have been selected as a grand juror, a non-resident, absent from the state, unable to attend in consequence of illness, or that he is legally disqualified to serve as a juror, it shall be the duty of said clerk to report the name of such person to the county clerk; and said clerk of such court shall draw other names until the required number shall have been selected.

§ 9. If a grand jury shall be required by law or by the order of the judge for any term of court, it shall be the duty of the county board in each of the counties of this state wherein such court is directed to be holden, at least twenty days before the sitting of such court, to select twenty-three persons possessing the qualifications as provided in section 3 of this act, and as nearly as may be a proportionate number from each town or precinct in their respective counties, to serve as grand jurors at such term; and to cause their clerk, within five days thereafter, to certify the names of the persons so selected as grand jurors to the clerk of the court for which they are selected, who shall issue and deliver to the sheriff of the county wherein the court is to be held, at least ten days before the term of the court for which they shall have been selected, or during term time if the court shall so order, a summons commanding him to summon the persons so selected as aforesaid, to appear before such court at or before the hour of eleven o'clock A. M. on the first day of the term, or upon such other day as the judge shall direct to constitute a grand jury for such term. The sheriff shall serve such summons in the manner provided in section eleven (11) of this act for service of summons on petit jurors, and for any refusal or neglect so to do shall be deemed guilty of a contempt of court, and may be fined therefor as provided in section eleven (11) of this act, for default in summoning petit jurors. If for any reason the panel of grand jurors shall not be full at the opening of any court of record, the court shall direct the sheriff to summon from the bystanders or from the body of the county a sufficient number of persons, having the qualifications of jurors, as provided by this act, to fill the panel.

§ 10. The clerk of the court shall, within five days after such drawing, issue to the sheriff a summons commanding him to summons as petit jurors a sufficient number, not less than thirty, of the persons so drawn, giving their residence, to appear at the place of holding such court, at the hour of 10 o'clock A. M. of the first day of the term, or upon such other day of the term as the judges shall direct, and a like number to appear at the same place and hour on the third Monday of the term, and the same number for each two weeks the court will proba-

bly be in session, which summons shall be served before the sitting of the court.

§ 11. It shall be the duty of the sheriff to execute the summons by reading the same to, or leaving a copy thereof at the usual place of abode of each of the persons directed to be summoned to constitute the jury as aforesaid, and to make return thereof on or before the return day, to the clerk of the court in which said jurors are to serve, with an indorsement thereon, certifying on whom it has been executed, and the time when; and in default of so doing, such sheriff or other officer shall be considered as guilty of a contempt, and may be fined, for the use of the proper county, in any sum not less than \$10 nor more than \$200; and it shall be the duty of the court, upon the return of such summons, to inquire into the cause of any failure to serve any such juror; and unless he shall find that the sheriff has used proper diligence to serve such juror, he shall inflict the fine aforesaid.

§ 12. If for any reason the panel of petit jurors shall not be full at the opening of any court of record, or at any time during the term of any such court, the clerk of such court may again repair to the office of the county clerk and draw in the same manner as at the first drawing such numbers of jurors as the court shall direct, to fill such panel, who shall be summoned in the same manner as the others, and, if necessary, jurors may continue to be so drawn and summoned from time to time until the panel shall be filled. In case a jury shall be required in any court of record for trial of any cause, before the panel shall be filled in the manner herein provided, the court shall direct the sheriff to summon from the bystanders, or from the body of the county, a sufficient number of persons having the qualifications of jurors, as provided in this act, to fill the panel, in order that a jury to try such cause may be drawn therefrom, and when such jury is drawn, the persons selected from the bystanders, or from the body of the county, to fill the panel, and not chosen on the jury, shall be discharged from the panel, and those who shall be chosen to serve on such jury shall also be discharged from the panel at the conclusion of the trial: *Provided*, that persons selected from the bystanders, as provided in this section, shall not thereby be disqualified or exempt from service as jurors, when regularly drawn by the clerk for that purpose, in the manner provided by this act.

§ 13. When the panel has been filled by jurors drawn by the clerk, and summoned as provided in this act, and by reason of challenge in the selection of a jury for the trial of any cause, or by reason of the sudden sickness or absence of any juror, or for any cause, except when a juror shall be discharged from the panel, the panel shall be exhausted or incomplete, the court may direct the sheriff to summon from the bystanders, or from the body of the county, a sufficient number of persons, having the qualifications of jurors, to fill the panel for the pending trial. Any person who shall seek the position of a juror, or who shall ask any attorney or other officer of the court or other person to secure his selection as a jurymen, shall be deemed guilty of a contempt of court, and be fined not exceeding \$20, and shall thereby be disqualified from serving as a juror for that term, and such fact shall be sufficient ground for challenge. Any attorney or party to a suit pending for trial at that term who shall request or solicit the placing of any person upon a jury, shall be deemed guilty of a contempt of the court, and be fined not exceeding \$100, and the person so sought to be put upon the jury shall be disqualified to serve as a juror at that term of court.

§ 14. It shall be a sufficient cause of challenge of a petit juror that he lacks any one of the qualifications mentioned in section two (2) of this act, or that he has served as a juror on the trial of a cause in any court of record in the county within one year previous to the time of his being offered as a juror, or that he is a party to a suit pending for trial in that court at that term. It shall be the duty of the court to discharge from the panel all jurors who do not possess the qualifications provided in this act as soon as the fact is discovered: *Provided*, if a person has served on a jury in a court of record within one year, he shall be exempt from again serving during such year, unless he waives such exemption: *Provided, further*, that it shall not be a cause of challenge that a juror has read in the newspapers an account of the commission of the crime with which the prisoner is charged, if such juror shall state on oath that he believes he can render an impartial verdict according to the law and the evidence, and that he has no fixed and definite opinion as to the guilt or innocence of the accused which will require evidence to remove.

§ 15. Every person who shall fail to attend when lawfully summoned to appear as a grand or petit juror as aforesaid, without having a reasonable excuse, shall be considered as guilty of a contempt, and shall be fined by the courts respectively, in any sum not less than \$5 nor more than \$100, for the use of the proper county, unless good cause be shown for such default; and it shall be the duty of the court to order a writ of attachment, returnable forthwith, against all such delinquents, and upon the return thereof the court shall proceed to assess said fine, unless the person or persons so attached shall show good cause for such delinquency: *Provided*, that the oath or affirmation of any such delinquent shall at all times be received as competent evidence.

IMPANNELING THE GRAND JURY.

§ 16. A full panel of the grand jury shall consist of twenty-three persons, sixteen of whom shall be sufficient to constitute a grand jury.

§ 17. After the grand jury is impaneled it shall be the duty of the court to appoint a foreman, who shall have power to swear or affirm witnesses to testify before them, and whose duty it shall be, when the grand jury, or any twelve of them, find a bill of indictment to be supported by good and sufficient evidence, to indorse thereon "A true bill;" where they do not find a bill to be supported by sufficient evidence, to indorse thereon, "Not a true bill;" and shall in either case sign his name, as foreman, at the foot of said indorsement, and shall also, in each case in which a true bill shall be returned into court as aforesaid, note thereon the name or names of the witness or witnesses upon whose evidence the same shall have been found.

§ 18. Before the grand jury shall enter upon the discharge of their duties, the following oath shall be administered to the foreman, to-wit:

"You, as foreman of this inquest, do solemnly swear (or affirm, as the case may be), that you will diligently inquire into and true presentment make of all such matters and things as shall be given you in charge, or shall otherwise come to your knowledge, touching the present service; you shall present no person through malice, hatred or ill will; nor shall you leave any unpresented, through fear, favor or affection, or for any fee or reward, or for any hope or promise thereof; but in all of your presentments you shall present the truth, the whole truth, and nothing but the truth, according to the best of your skill and understanding: so help you God."

And the following oath or affirmation shall be administered to the other jurors, to-wit:

"The same oath that A. B., your foreman, has just taken before you, on his part, you and each of you shall well and truly keep and observe on your respective parts: so help you God."

§ 19. No grand jury shall make presentments of their own knowledge, upon the information of a less number than two of their own body, unless the juror giving the information is previously sworn as a witness, in which case, if the evidence shall be deemed sufficient, an indictment may be found thereon in like manner as upon the evidence of any other witness who may not be of the jury.

§ 19½. That the judge of any court of record of competent jurisdiction may order a special *venire* to be issued for a grand jury at any time when he shall be of opinion that public justice requires it. The order for such *venire* shall be entered on the records of the court by the clerk thereof; and such clerk shall forthwith issue such *venire* under his hand and the seal of the court, and deliver the same to the sheriff, who shall execute the same by summoning, in the manner now provided or that may hereafter be provided by law for summoning jurors, twenty-three persons, qualified by law, to constitute a grand jury. Such *venire* shall state the day on which such persons shall appear before the court.

IMPANNELING PETIT JURIES.

§ 20. It shall be the duty of the clerk of the court, at the commencement of each week of the term, to write the name of each petit juror summoned and retained for that week on a separate ticket, and put the whole into a box or other place for safe keeping; and as often as it shall be necessary to impanel a jury, the clerk, sheriff or coroner shall, in the presence of the court, draw by chance twelve names out of such box or other place, which shall designate the twelve to be sworn on the jury, and in the same manner for the second jury, in their turn, as the court may order and direct.

§ 21. Upon the impanneling of any jury in any civil cause now pending, or to be hereafter commenced in any court in this state, it shall be the duty of the court, upon request of either party to the suit, or upon its own motion, to order its full number of twelve jurors into the jury box, before either party shall be required to examine any of the said jurors touching their qualifications to try any such causes: *Provided*, that the plaintiff shall first be required to pass upon and accept four jurors, then the defendant shall pass upon and accept four jurors, and jurors shall continue to be selected in like manner until the panel is complete.

§ 22. So much of this act as applies to county boards shall apply to the county court in counties not under township organization, until such county court shall be succeeded by the board of county commissioners.

In all cases where a public road or cartway shall have been or may be authorized by law to be laid out or constructed in any county in this state not under township organization, and the same is required to pass over the land belonging to any company, corporation or individual, and the owner or owners are incapable in law of contracting, or do not agree with the commissioner, superintendent or supervisor, authorized to construct the said road, on the amount of damages resulting to said owner or owners by reason of the opening and construction of said road, it shall be lawful for said commissioner, supervisor or superintendent to make application to the nearest justice of the peace in the precinct where said land is situate for a jury to assess such damages. Said justice shall thereupon issue his summons, directed to any constable of said county, commanding him to summon such owner or owners to appear before him at a time and place to be specified in said summons not less than five nor more than fifteen days from the date thereof, for the purpose of having such damages assessed. Said summons shall be under the hand of said justice, and shall be served as now or hereafter may be provided by law for the service of summons in civil actions before justices of the peace. At the same time said justice shall issue a *venue* to said constable commanding him to summon a jury of six freeholders of said county to appear before him on the day when said summons is returnable, to assess the said damages. On the return day of said summons (unless good cause is shown for a continuance) the said justice shall proceed to impanel a jury, who shall be sworn to faithfully and impartially assess and report the damages which such owner or owners may sustain by reason of the construction of said road. The said jury shall hear any competent evidence in regard to said damages offered by either party, and the impanneling of said jury, and the proceedings before said justice and jury shall be in all respects as in other civil cases before justices of the peace, except that upon demand of either party the said jury shall personally examine the land damaged. The same jury may assess the damages of any and all of the owners of lands over which the said road shall pass, if agreed upon by the parties.

The jury shall return to said justice a written verdict specifying the amount of damages to be paid to the owner or owners; and the justice shall enter the same, together with the other proceedings, upon his docket, and shall also enter judgment upon his docket. In case the owner or owners of such lands is a minor, a lunatic or insane person, the summons shall also include the name of the guardian or conservator, if there be one. If the owner is a non-resident of the county, then the said justice, upon the return of said summons "not found," shall continue the said cause for not more than thirty days, and shall post three notices in three of the most public places in said precinct, and one upon the door of the court house of said county, which notice shall give the time and place when the assessment hereinbefore provided shall be made, and shall be posted at least twenty days before the time fixed for said assessment. Said justice shall also forward a copy of said notice by mail to said owner or owners, if his or their residence is known to him. Appeals may be taken to the circuit court from the assessments of juries, and the judgment entered thereon, by either party, in the same manner as appeals are or may be taken from justices of the peace in civil cases. All cases of public roads under the provisions of this act shall be docketed "The county of ——— vs. ———, (the owner of the land.) And whenever the county board shall desire to take an appeal, the chairman or presiding officer of said county board shall execute the bond for and on behalf of the county. In case of cartways or private roads, all cases shall be docketed the petitioner as plaintiff, and the owner of the land as defendant, and the plaintiff shall execute bond on appeal. Upon payment or tender of the amount of damages awarded by the verdict of the jury to the owner or owners of the land damaged, the guardian, if such owner is a minor, the conservator, if such owner is an insane person, or to the county treasurer, if the owner is a non-resident of the county, or incapable in law to receive said money, the said road may be opened by the proper authority, and the title of the land vest in the public for the uses specified in the petition: *Provided*, in case of an appeal, the opening and construction of the road shall not be delayed thereby, nor shall the title of the land vest in the public, for the uses specified in the petition, until judgment or tender of payment shall be made, as above provided, of the amount of damages which shall be awarded by the final judgment of the court. The costs of all proceedings before the justice shall be borne by the county in case of a public road, and the person petitioning, in case of a private road or cartway. If the owner of land appeal, and the assessment made by the jury be not increased in circuit court, then such owner shall pay all costs of appeal. If the county or petitioner for a cartway appeal from any assessment by a jury before a justice, and the county or such petitioner do not reduce said assessment, the county or such petitioner shall pay all costs on appeal: *Provided*, that it shall be in the power of the county board or petitioner, in case of a cartway, after final judgment in case of a public road or cartway, to abandon all proceedings in and about the opening of said road or cartway, if they or he deem the damages too great.

No member, officer or employee shall receive any pay during the recess, except such members as are required to act on committee during the recess, and they shall receive pay only for the time actually spent in the service of the state in committee.

That when the two houses of this General Assembly shall adjourn on Tuesday, March 31st, they shall respectively stand adjourned *sine die*.

Bankrupt Law.

Be it resolved by the Senate, the House of Representatives concurring herein,
That our senators in congress be instructed, and our representatives be requested, to vote for and urge the immediate and unconditional repeal of an act of congress known as the "General Bankrupt Law;" that the secretary of state shall transmit to each of our senators and representatives in congress an authenticated copy of this resolution.

Centennial Commission.

WHEREAS the United States Centennial Commission has requested the appointment in each state of a "State Board of Managers" to represent their states at the International Exhibition to be held in the city of Philadelphia in 1876; therefore,

Resolved by the Senate, the House concurring herein, That the governor be and is hereby authorized to appoint a "State Board of Managers," consisting of seven members, two of whom shall be the U. S. Centennial Commissioner, and alternate, heretofore appointed to represent the interests of this state at the International Exhibition to be held at the city of Philadelphia in 1876, and the governor is also hereby authorized to require the State Board of Managers, annually, to report to him their proceedings on or before the first of January, to be by him submitted to the general assembly: *Provided*, that such Board of Managers shall not incur any expenses, personal or otherwise, on behalf of the state.

Charitable Institutions.

WHEREAS, there is a prevailing opinion in the minds of many of the members of this general assembly that the various charitable institutions of this state are unnecessarily expensive as now managed; and, whereas, it is asserted that in many of said institutions supplies are purchased at retail prices, at greater expense to the state than is absolutely necessary; and whereas, it is the duty of this general assembly to protect the interests of the people, who pay the taxes for the support of said institutions; therefore,

Resolved by the House, the Senate concurring herein, That there be a joint special committee appointed, to consist of three members on the part of the house, and two on the part of the senate, whose duty it shall be to thoroughly investigate the affairs of said charitable institutions, to ascertain the manner and principle of their management, and inquire into the expediency of putting the control and management of all said institutions under the control of one board of commissioners.

Resolved, That if said committee cannot get the necessary information from the State Board of Public Charities, and the several departments of state, that they are hereby instructed to visit said institutions for the purpose of collecting such information, and that they report the result of their investigation during the present session of the general assembly; that if the interest of the state requires it, said committee report a bill revising the law governing said institutions, and as far as may be to remedy the evils complained of.

Condition of Treasury.

Resolved by the House of Representatives, the Senate concurring therein, That the joint committee on finance of the house and senate be and they are hereby instructed to ascertain and report, at their convenience—

1. The amount of money in the state treasury.
2. The amount of appropriations made heretofore and yet unexpended.

3. The amount of state revenue required for the next two years for all purposes, and from what sources to be derived.

4. The amount of the outstanding indebtedness of the state, and the times when the same matures.

5. The condition as to security of the vaults and safes in the office of the state treasurer.

6. Any other information deemed of value to the general assembly in relation to the finance of the state.

Copying Laws and Journals.

WHEREAS a certain newspaper has charged the former secretary of state with overcharging for copying the laws and journals of the 27th general assembly ; therefore, be it

Resolved by the Senate, the House of Representatives concurring herein, That a special joint committee of five, two from the senate and three from the house, be appointed by the respective chairmen, to investigate said work, and to report the result by resolution or otherwise, as early as possible ; and that it be the duty of said committee to inquire into and report how much paper and what kind of paper has been furnished by the secretary of state to the public printer since the session of the legislature, and the cost thereof.

County Commissioners.

Resolved by the Senate, the House of Representatives concurring herein, That the secretary of state be requested to send certified copies of senate bill No. 485 to the clerk of the county court of each county in this state, not under township organization, at as early a day as practicable.

Election Returns.

Resolved by the House of Representatives, the Senate concurring therein, That the two houses meet in joint session in the hall of representatives, on Friday, the 10th day of January, inst., at 11 o'clock A. M., for the purpose of canvassing the returns of the election for governor, lieutenant-governor, secretary of state, auditor of public accounts, treasurer, and attorney-general.

Enrollment of Laws.

Resolved by the House of Representatives, the Senate concurring herein, That the chief enrolling and engrossing clerk of the house of representatives and the senate, be and they are hereby instructed and directed to allow no enrolled bills to be laid before the joint committee on enrolled bills of this general assembly in which there has been an erasure of a word, words or sentence, or in which there is an interlineation of a word, words or sentence, and that all enrolled bills laid before said committee as correctly enrolled, shall be in a fair, legible hand-writing and without such interlineation or erasure; that in case any law shall be filed in the office of the secretary of state not in accordance with the provisions of this resolution, it shall be the duty of the secretary of state at once to notify the house in which such law originated.

Governor and Lieutenant-Governor.

Resolved by the House of Representatives, the Senate concurring herein, That a joint committee of three on the part of the house and two on the part of the senate, be appointed to wait on the Hon. Richard J. Oglesby, and inform him of his election to the office of governor of this state, and that they also inform the Hon. John L. Beveridge of his election to the office of lieutenant-governor of this state, and inquire of them at what time they will meet the two houses for the purpose of taking their oaths of office.

Immigration.

WHEREAS, the number of immigrants daily landing on our shores has been and is growing more and more; and whereas, the wealth and prosperity of our country is thereby being enriched and developed:

Resolved, That the house of representatives, the senate concurring, do recommend to our members of congress the necessity of their creating and supporting some general law, which will tend to better protect and encourage immigration, and which shall particularly look to the protection of immigrants while on their passage across the Atlantic and over the railroads, on their way to the western and southern part of this republic.

Improvement of Navigation.

WHEREAS, the governor of this state, complying with a request of a convention held at Cincinnati, February 20, 1872, did, in joint action with the governors of Indiana, Ohio, Kentucky, Tennessee, West Vir-

ginia and Pennsylvania, appoint five commissioners to represent Illinois, and act with a like number of commissioners from each of the other states above named, to the end that a board of commissioners might thus be established through and by the exertions of which the government of the United States should be induced to enter, with the least possible delay, upon the work of making the Ohio and its navigable tributaries safe, cheap and reliable highways; and whereas, the seven states represented by this commission, and the seven other great states bordering on the Mississippi valley, contain one-half of the whole population of the nation, and produce quite sixty per cent. of the farm products of the whole country, and to which cheap transportation is therefore a necessity; and whereas, in consequence of the high rates of railroad transportation, the profits of the agriculturist have been destroyed, while the value of farming lands has been greatly impaired, and capital has thus been discouraged from engaging in agricultural development: therefore, be it

Resolved by the Senate, the House of Representatives concurring herein, That the improvement of the great water lines of the country cheapens the cost of transportation, contributes to the agricultural and mineral resources of the country, and adds to the general prosperity.

Resolved, That we recognize the authority of the joint commission for the improvement of the Ohio river, and its tributaries, created by joint action of the governors of the Ohio valley states, and indorse and sustain its action to obtain the sufficient and proper support of the government of the United States in the great public work committed to the charge of said commission.

Resolved, That to give said commission greater efficacy in its labors, we hereby request our senators and representatives in the congress of the United States to give the suggestions of this joint board of commissioners for the improvement of the Ohio and its tributaries their combined and earnest support.

Resolved, That the governor of this state is hereby requested to forward a copy of this preamble and resolutions to each senator and representative in the congress of the United States from Illinois.

Inauguration of State Officers.

Resolved, That the senate, the house concurring herein, will meet in joint session with the house, in the hall of the house of representatives, on Monday, January 13, at 2 o'clock P. M., for the purpose of witnessing the inauguration of governor, lieutenant-governor, and the state officers elect of the state of Illinois.

Increased Pay of Congressmen.

Resolved by the House of Representatives, the Senate concurring herein, That we emphatically condemn the law passed by the 42d Congress

increasing the pay of members of congress and other officers of the government, and instruct our senators and respectfully request our representatives in congress to use their best endeavors to secure the unconditional repeal of said law; and we hereby declare our conviction that the constitution of the United States should be so amended as to prevent any future congress from increasing the pay of its own members, and we hereby express our earnest request that immediate measures be instituted by congress to secure this end.

International Exposition.

WHEREAS the United States commissioner to the international exposition, to be held at Vienna, Austria, in the year 1873, have made application to his excellency, John L. Beveridge, governor of the state of Illinois, to furnish said commissioner with a drawing of the coat-of-arms of this state, in colors; also, such flags and banners as he may see proper to spare, said articles to be returned to the state; and whereas the state of Illinois should be represented at said exposition; therefore, be it

Resolved by the House of Representatives, the Senate concurring herein, That the governor be and is hereby authorized to furnish to said commissioners said coat-of-arms and such flags and banners as he may deem expedient to properly represent this state at said exposition.

International Prison Reform.

Resolved by the Senate, the House of Representatives concurring, That the Rev. E. C. Wines, D. D., LL. D., of New York, Secretary of the National Prison Association and President of the International Prison Commission, Commissioner of the United States to the International Prison Congress, at London, be and hereby is invited to address the members of this general assembly on the subject of "Prison Discipline and Reform," in the hall of representatives, on Wednesday evening, the 21st inst., at 7½ o'clock.

Joint Rules.

Resolved by the Senate, the House concurring, That the joint rules of the senate and house of the last session be the joint rules of the senate and house of the present session.

Judicial Circuits

WHEREAS, by the thirteenth section of the sixth article of the constitution of 1870, it is made the duty of this general assembly to divide the state into judicial circuits, formed of contiguous counties, in as nearly compact form and as nearly equal as circumstances will permit, having due regard to business, territory and population; and whereas, by the latter clause of the thirty-first section of said article, it is made the duty of the judges of the several circuit courts to report to the general assembly the number of days they have held court in the several counties composing their respective circuits the preceding two years; and whereas, such information is very desirable, to enable this general assembly to properly divide the state into judicial circuits; therefore, be it

Resolved by the Senate, the House of Representatives concurring herein, That the judges of the several circuit courts in this state, Cook county excepted, be and they are hereby requested, at as early a day as may be practicable, to report to this general assembly the number of days they have held court in the several counties composing their respective circuits for the preceding two years, and that said reports be forwarded to the president of the senate and speaker of the house.

And be it further resolved, That upon the passage of this resolution it shall be the duty of the secretary of state to immediately forward a copy of the same to each of the circuit judges presiding outside of Cook county.

New State House.

WHEREAS the hall occupied by this house is unsafe to the life and health of members; and whereas, we have just appropriated the sum of \$1,000,000 more to prosecute the work on the new state house; therefore, be it

Resolved by the House, the Senate concurring herein, That the state house commissioners be requested to use every means within their power to so far complete the said state house as to make the same comfortable for the next or adjourned session of the general assembly.

Painting of W. H. Bissell.

WHEREAS the family of the Hon. W. H. Bissell, after his death, conveyed to the state several valuable pictures which are now in the executive mansion, amongst which is a small landscape view held in great esteem by his surviving daughters as a family relic, greatly prized by their father during his life; therefore,

Resolved by the House of Representatives, the Senate concurring herein, That the governor be authorized to return to the daughters of Wm. H. Bissell, deceased, a certain landscape painting now hanging in the west front parlor of the executive mansion.

Pay of H. B. Bishop.

WHEREAS, the Hon. H. B. Bishop, a member of this house, has not been present during the adjourned session of this general assembly; and whereas, the said Hon. H. B. Bishop has deserted his family and departed for parts unknown to this house; and whereas, the warrants for his *per diem* are now in the hands of the auditor; therefore, be it

Resolved by the House of Representatives, the Senate concurring therein, That the auditor is hereby directed to turn over all warrants and claims to the wife of Hon. H. B. Bishop, or any other person she may authorize, and that the treasurer is hereby directed to pay said warrants on presentation by the said Mrs. Bishop, or any person authorized by her.

Printing and Binding.

Resolved by the House of Representatives, the Senate concurring herein, That the secretary of state and the commissioners of public printing are respectfully instructed not to certify or approve any accounts for public printing or binding, and the auditor of state is hereby instructed to draw no further warrants on the treasurer for such public printing or binding, until the house of representatives has received and acted upon the report of the printing committee of the house, now investigating that subject under directions from the house.

Publication of Act concerning Jurors.

Resolved by the House of Representatives, the Senate concurring herein, That the secretary of state be required to cause a sufficient number of copies of the "Act concerning jurors" to be printed, to furnish each court of record in this state one copy, and that he forward the same to the clerks thereof.

Publication of Act concerning Jurors.

WHEREAS, by joint resolution of the senate and house, the secretary of state has been directed to cause to be published and distributed without delay, to the clerks of the several counties, copies of "An act concerning jurors," approved February 11, 1874; and whereas, an error has been discovered in section 14, of said act, to correct which a bill has been introduced into the house, read a first time and ordered to a second reading; therefore,

Resolved by the House of Representatives, the Senate concurring herein, That the secretary of state be and he is hereby directed to cause the

publication and distribution of said act to be suspended until said amendatory bill shall be passed and approved ; and that he then cause said act, incorporating said section 14, as amended, to be printed and distributed as heretofore directed.

Publication of Journals.

Resolved by the House of Representatives, the Senate concurring herein, That the secretary of state be directed to have published, during the recess and in the usual form, the journals of both houses up to the time of the adjournment of the present regular session: *Provided*, that this publication, so far as it goes, shall be in lieu of that required by law to be made, and within the same time as if the general assembly adjourned *sine die* on the 6th of May, 1873.

Publication of Laws.

WHEREAS the enactments of the 28th general assembly have made great changes in the statute laws, and it is desirable that the public officers throughout the state be made acquainted therewith at the earliest possible moment ; therefore, be it

Resolved by the House of Representatives, the Senate concurring herein, That six thousand (6,000) copies of the laws of this session of the 28th general assembly be published in the usual manner and style and in lieu of the number required by law to be made, for immediate distribution, and that the secretary of state be and he is hereby directed to forward without delay, at soon as published, one copy thereof to the clerks of each of the circuit and county courts of the state, and twenty-two copies thereof to each member of this general assembly, provided the same can be done within thirty days after the adjournment of this session of the general assembly, the secretary of state to pay the cost of distributing said laws, and of copying the same for the printer at not exceeding four cents per one hundred words, out of the contingent fund of his office.

Publication of Revenue Law.

Resolved by the Senate, the House of Representatives concurring herein, That the secretary of state be and is hereby instructed to have printed in pamphlet form 5,000 copies of house bill No. 505, being amendments to the general revenue laws, and distribute the same to the counties in proportion to the number of townships and precincts.

Publication of Road Law.

Resolved by the Senate, the House of Representatives concurring herein, That the secretary of state be and is hereby instructed to cause to be published twelve thousand copies of the road law for counties under township organization, and five thousand copies of the road law for counties not under township organization, for the use of the commissioners of highways, and that he distribute the same among the county clerks of the state, in proportion to the number of congressional or political townships in such counties.

Public Lands—Appropriation of.

In view of the growing power of monopolies in this country, and the great desire of the farmers and mechanics to be relieved from the same, and the demand that comes from every hamlet of the northwest, asking for said relief, and believing that the public lands should be kept for actual settlers,

Resolved by the House of Representatives, the Senate concurring herein, That we would respectfully instruct our senators and request our representatives in congress to vote against all appropriations of the public land, or the loaning of the bonds of the nation for the benefit of private corporations; and that a copy of this resolution be sent by the secretary of state to each senator and representative in congress from this state.

Railroad Freights.

WHEREAS, the constitution of the United States makes it the duty of congress to regulate commerce between the states; therefore,

Resolved by the House of Representatives, the Senate concurring therein, That our senators in congress be instructed, and our representatives be requested, to use all lawful means to procure a law of congress, preventing railroads or transportation companies, doing business through or between the states, from making unjust charges or discriminations for such services.

Reports of Circuit Clerks.

Resolved by the Senate, the House of Representatives concurring herein, That the clerks of the circuit courts of each county in the state, Cook county excepted, be requested to furnish the senate, at their earliest

convenience, with a written statement, showing the number of common law, chancery and criminal causes disposed of during the year A. D. 1872, in each county, respectively; how many suits were instituted; and how many remain on the docket for trial, for want of time on the part of the court to hear them.

Resolved, further, That the clerks of the county courts in each of the counties of the state, Cook county excepted, be also requested to furnish the senate with a statement, showing the number of cases begun or existing in said court for the year 1872, by reason of the increased jurisdiction given to said court by the act approved April 5, 1872.

Resolved, That the clerks of the city courts of record in this state, the city of Chicago excepted, be requested to furnish the senate with a statement, showing the number of cases begun in said county during the year 1872.

Resolved, That the secretary of state be and he is hereby required to furnish each of said clerks with a printed copy of these resolutions.

Reports from Circuit Judges.

Resolved by the House of Representatives, the Senate concurring therein, That the several circuit judges of this state be requested to certify to the speaker of the house and president of the senate, forthwith, as near as may be, the length of time required to dispose of the business, in each county of their circuits, now remaining undisposed of; and that the secretary of state be requested to certify a copy of this resolution to the several circuit judges at once.

Report from Committee on State Institutions.

Resolved by the House of Representatives, the Senate concurring herein, That the joint special committee on state institutions, to whom was referred house bill No. 787, be instructed to report said bill back to this house without delay.

Revenue Law.

WHEREAS this general assembly has undertaken to complete the revision of the statutes begun by the 27th general assembly; and whereas, numerous amendments to the several laws of 1871-2 have been made by this assembly to said revenue law, and various bills and resolutions proposing further material changes in said law have been introduced into both houses of this assembly, and are now pending before said committees;

and whereas, it is specially desirable in view of said revision, that the statutes upon the different subjects embraced therein, shall be so compact, concise and clear as possible; therefore,

Resolved by the House, the Senate concurring herein, That the revenue committee of the house and of the senate be and are hereby instructed to jointly prepare and report to their respective houses, by bill, such amendments to the present revenue law, as in their judgment are necessary and advisable.

Revision of Statutes.

Resolved by the Senate, the House of Representatives concurring herein, That there be appointed a joint committee on the revision of the statutes, consisting of two from the senate and three from the house of representatives.

Resolved, That all bills for the revision of the statutes which have been prepared by the revision commissioners and not heretofore acted upon by either house, be submitted to said committee, and that the said committee be authorized to continue its sessions after the adjournment of the present session of the general assembly, until the first day of November next; to employ a clerk, at a compensation not exceeding \$5 per day, and that it shall be the duty of said committee, in conjunction with the acting commission of revision, to prepare all bills that may be necessary to complete the said revision, and report the same to the next regular or adjourned session of the general assembly.

Resolved, That upon such bills being prepared and approved by said committee, five hundred copies of each be printed for the use of the two houses, in the manner provided by law for printing bills, and that two hundred and twenty-five copies thereof be bound together in pamphlet form, and at the opening of the next regular or adjourned session of the general assembly distribute one copy of each revised chapter to each member of the general assembly as soon as issued and printed.

Revision of Statutes.

Resolved by the Senate, the House of Representatives concurring herein, That the joint committee of the senate and house of representatives on revision be and the same is hereby continued during the present session of the general assembly, and that said committee is hereby authorized to employ a clerk, when, in its discretion, the business before said committee shall require.

Revision of Statutes.

Resolved by the Senate, the House of Representatives concurring herein, That we, the members of the 28th general assembly, owe a debt of gratitude to Hon. C. W. Upton, Hon. Charles B. Steele, Hon. Milton Hay, Hon. J. M. Rountree and Hon. Charles Dunham, members of the joint committee of revision, for the earnest attention and satisfactory manner in which they have accomplished the duty assigned them of completing the revision of the statutes of the state.

Sanitary condition of State House.

WHEREAS two members of this house have died during the present session of the general assembly, and several members of the senate and house are now confined to their homes by sickness; and whereas, there is good and sufficient reason to fear that the cause of this alarming mortality and sickness lies within the state house itself, and is probably especially due to the water closet and heating arrangements thereof; therefore, be it

Resolved by the House of Representatives, the Senate concurring herein, That a special committee, composed of two senators and three representatives, be appointed by the president of the senate and the speaker of the house of representatives, to examine into the sanitary condition of the state house, and be instructed to report, as early as practicable, what (if any) measures are necessary for the health and comfort of the general assembly.

Shawneetown.

WHEREAS this general assembly, by bill, is asked to appropriate one hundred and twenty-four thousand dollars for the relief of the city of Shawneetown, in the county of Gallatin; therefore, be it

Resolved by the Senate, the House of Representatives concurring herein, That a special committee of two from the senate and three from the house be appointed, whose duty it shall be to visit the city of Shawneetown and examine into the merits of said claim, and report to this general assembly by bill, or otherwise, at as early a day as may be practicable.

Soldiers' Bounty.

WHEREAS a bill, known as the Soldiers' Bounty Land Bill, having passed the house of representatives of the United States, and now pending in the senate,

Resolved by the House of Representatives, the Senate concurring therein, That the honorable senators from the state of Illinois be requested to vote for said bill as a just recognition of the services of the soldiers of the late war; and that the governor be requested to forward a copy of this resolution to our senators without delay.

Stationery.

Resolved by the House of Representatives, the Senate concurring therein, That the auditor of public accounts is hereby requested to draw his warrant on the treasurer for the sum of \$50 allowed each member of the general assembly by law, to be paid on pay-rolls certified by the president of the senate and the speaker of the house.

Swamp Lands.

WHEREAS, by an act of congress, approved September 28, 1850, concerning the swamp and overflowed lands of the state of Arkansas, Congress conveyed to said state all such lands located within its limits for the purpose of enabling the said state to reclaim the same, and that by the fourth section of said act the provisions and benefits thereof were extended to all the states of the Union in which like character of lands were situated, the state of Illinois being embraced within the provisions of said act; and whereas the state of Illinois, in conformity with the provisions of said act of congress, through its proper officers and agents, did select and establish its claim to many thousands of acres of said swamp lands—which said lands are located in the several counties in this state; and whereas many of said lands were entered and patented to individuals after the claim of the state of Illinois thereto had been established under the provisions of said act of congress; and whereas by an act of congress, approved March 2, 1855, it was provided, among other things, that when such swamp and overflowed lands had been entered with scrip or warrant by individuals after the claim of the several states had been established thereto, under the provisions of the first above mentioned act, the said state should be entitled to receive from the United States a like number of acres of land scrip in lieu of such entries; and whereas, by an act of the legislature of the state of Illinois, approved June 22, 1852, said swamp lands were conveyed to the several counties of the said state in which the same are situated, together with all the benefits arising from the passage of said acts of congress; and whereas, under the rulings and construction of said acts of congress by the land office department of the United States, said scrip can only be located within the state in whose favor the same has been issued, by which ruling and construction said scrip issued to the state of Illinois is rendered entirely worthless, for the reason that

there are not now, nor were there at any time of the passage of said acts of congress, any land subject to entry in the state of Illinois; therefore,

Resolved by the Senate, the House of Representatives concurring herein, That our senators in congress be instructed, and our representatives be requested to use their best efforts to procure the passage of an act of congress by which the said land scrip shall be rendered valuable to the state and the several counties to which the same belongs.

Township Organization.

Resolved by the House of Representatives, the Senate concurring herein, That the secretary of state cause to be published in pamphlet form, five thousand (5,000) copies of a bill for "An act to revise the law in relation to township organization;" and that he cause to be sent to the county clerk of each county in the state, under township organization, a sufficient number of copies to supply each supervisor and town clerk in such counties with a copy of the same, and the balance for the use of the general assembly.

Union Pacific Railroad.

WHEREAS, by act approved July 1, 1862, commonly known as the Pacific Railroad act, the congress of the United States provided for a main line of railroad and telegraph to be built by the Union Pacific railroad company, incorporated by said act, from a point on the one hundredth meridian of longitude west from Greenwich to the west line of Nevada territory, and to connect through to the Pacific ocean; and said act of congress also provided for several branches to extend eastwardly from the initial point of said railroad—one to Kansas City, one to St. Joseph, and one to Sioux City on the Missouri river; and said Union Pacific railroad and its branches having received subsidies in lands and bonds from the United States, and the companies having accepted the several acts of congress incorporating and providing for said roads and branches, are subject to the same in all their provisions; and whereas, by the twelfth section of said act of congress of July 1, 1862, it is provided that "the whole line of said railroad and branches and telegraph shall be operated and used for all purposes of communication, travel and transportation, so far as the public and the government are concerned, as one connected, continuous line;" and by the fifteenth section of the amendatory act of July 2, 1864, it is provided that "the several companies hereby authorized to construct the aforesaid roads are hereby required to operate and use said roads and telegraph for all purposes of communication, travel and transportation, so far as the public and the government are concerned, as one continuous line, and in such operation and use to afford and secure to each equal advantages and facili-

ties as to rates, time and transportation, without any discrimination of any kind in favor of the road or business of any or either of said companies, or adverse to the road or business of any or either of the others;" and whereas, by the ninth section of said act of July 2, 1864, it is provided that "any company authorized by this act to construct its road and telegraph line from the Missouri river to the initial point aforesaid, (one hundredth meridian) may construct its road and telegraph line so as to connect with the Union Pacific railroad at any point westwardly of such initial point, in case such company shall deem such westward connection more practicable or desirable," and by the act amendatory of said acts, approved July 3, 1866, the Kansas Pacific railway company, one of said branches, (then known as the Union Pacific railway company, eastern division,) was required to connect its road with the Union Pacific railroad at a point not more than fifty miles west of the meridian of Denver; and by the act of congress, approved March 3, 1869, the said Kansas Pacific railway company was required to connect its road with the Union Pacific railroad at Cheyenne, in Wyoming territory, as a branch of the said Union Pacific railroad, and was authorized to contract with the Denver Pacific railway company to construct and put in operation that part of its line between Denver and Cheyenne; and congress took care to provide in said act that "all provisions of law for the operation of the Union Pacific railroad, its branches and connections, as a continuous line without discrimination, shall apply the same as if the road from Denver to Cheyenne had been constructed by said Union Pacific railway company, eastern division," (now Kansas Pacific railway company;) which connection at Cheyenne having been accomplished in the year 1870, the whole line has been and is now operated by the Kansas Pacific railway company as a continuous branch of the Union Pacific railroad, from Cheyenne, in Wyoming, to Kansas City, in Missouri, pursuant to the acts of Congress aforesaid; and whereas, the said Kansas Pacific railway company, having thus constructed and put in operation about seven hundred and forty-five miles of first-class railroad, extending from Kansas City in Missouri to a connection with the Union Pacific railroad at Cheyenne in Wyoming, as provided for and required in the acts of congress, the people of the several states and territories are entitled by law to uniform rates of freight and passage eastward and westward over the Union Pacific railroad, and over the Kansas Pacific railway as a branch thereof, without discrimination of any kind in favor of the road or business of either of said companies, or adverse to the road or business of either of them. And any discrimination by the Union Pacific railroad company against freight and passenger traffic from the Kansas Pacific railway directed to points on the Union Pacific railroad west of Cheyenne, or to points beyond the western terminus of said last named road, as also any discrimination by said Union Pacific railroad company against eastward bound freight and passenger tariff from points west of Cheyenne, and destined to points on the Kansas Pacific railway, or east of its eastern terminus, is in violation of the laws of the United States, and injurious to the people, who are by law entitled to uniform rates of freight and passage over said Union Pacific railroad and branches. And any such discrimination by the Kansas Pacific railway against freight and passenger traffic to or from the Union Pacific railroad, is alike in violation of law and injurious to the public; and whereas, the people of the state of Illinois are largely interested in commerce and intercourse with the vast and rapidly

developing regions traversed by the Union Pacific railroad and branches, and, together with the people of adjacent states, are entitled to all the benefits of the uniform rates and choice of routes which were intended and provided for in the acts of congress organizing and subsidizing said railroads; therefore,

Resolved by the Senate, the House of Representatives concurring therein, That our senators be instructed and representatives in congress be requested to urge upon the consideration of their respective houses such legislation as will secure to the people of the United States those equal advantages and facilities as to rates, time and transportation on the Union Pacific railroad and the several branches thereof, which are reserved and guaranteed to them as a chief part of the consideration to be given by the companies for the grant of lands and bonds so generously given to them by congress.

Resolved, That the secretary of state be instructed to forward a copy of the foregoing preamble and resolution to each of the senators and representatives in congress from this state.

United States Court.

WHEREAS, a bill providing for an additional district of the United States Court, in this state, is now pending in congress; and whereas, the passage of the bill is imperatively needed to meet the increasing litigation in the state; therefore, be it

Resolved by the House of Representatives, the Senate concurring herein, That our senators and representatives in congress are again requested to use their best efforts in securing the passage of the bill.

United States Senator.

Resolved by the Senate, the House of Representatives concurring herein, That on Tuesday, the twenty-first day of January, inst., at eleven o'clock A. M., each house shall, by itself, and in manner prescribed by the act of congress, approved July 25, 1866, name a person for senator in congress from the state of Illinois, for the term of six years, from the fourth day of March, A. D., 1873. And on Wednesday, the twenty-second inst., at twelve o'clock, meridian, the members of the two houses shall convene in joint assembly in the hall of the house of representatives, and in the manner prescribed in said act declare the person who has received a majority of the votes in each house, if any person has received such majority, duly elected senator, to represent the state of Illinois in the congress of the United States, for the term aforesaid; and if no one person has received such majority, then proceed, as prescribed in the said act, in joint assembly, to choose a person for the purpose aforesaid.

Ventilation of Senate Chamber.

WHEREAS it has become evident that the ventilation of the senate chamber is of such a character as to seriously affect the health of all who have occasion to occupy it; and whereas, time is needed for the purpose of renovating the said chamber and making the ventilation more perfect; therefore,

Resolved by the Senate, the House concurring herein, That when the two houses adjourn on Wednesday, January 22, they adjourn to meet on Wednesday, January 29th, at ten o'clock A. M.

RECEIPTS AND DISBURSEMENTS.

The amount of all funds in the Treasury Dec. 1, 1870, was as follows :

General Revenue Fund	- - -	\$1,456,031 05	
State Debt Fund	- - -	1,816,346 40	
Interest Fund	- - -	321,989 32	
State School Fund	- - -	79,816 81	
Illinois Central Railroad Fund	- - -	765,757 82	
Delinquent Land Tax	- - -	331 06	
Local Bond Funds	- - -	57,161 06	
			\$4,497,433 52

Receipts into the Treasury from all sources from Dec. 1, 1870, to Nov. 30, 1872, inclusive, are as follows :

General Revenue Fund	- - -	\$3,445,386 86	
State Debt Fund	- - -	1,105,401 80	
Interest Fund	- - -	6,778 47	
State School Fund	- - -	1,809,108 50	
Illinois Central Railroad Fund	- - -	934,379 70	
Canal Redemption Fund	- - -	1,582,620 15	
Local Bond Funds	- - -	1,864,666 77	
			10,748,342 25
Total	- - -		\$15,245,775 77

The Disbursements from the State Treasury from December 1, 1870, to November 30, 1872, inclusive, are as follows :

General Revenue Fund, - - - -	\$4,312,840 65	
State Debt Fund, - - - -	2,587,982 83	
Interest Fund, - - - -	310,912 33	
State School Fund, - - - -	1,825,961 31	
Illinois Central Railroad Fund, - -	1,700,137 52	
Canal Redemption Fund, - - -	1,128,307 68	
Local Bond Funds, - - - -	1,334,342 76	
		\$13,200,485 08

Balance of all Funds in Treasury, December 1, 1872, \$2,045,290 69

The balance of each of the several Funds in the Treasury, December 1, 1872, is as follows:

General Revenue Fund, - - - -	\$588,577 26	
State Debt Fund, - - - -	333,765 37	
Interest Fund, - - - -	17,855 46	
State School Fund, - - - -	62,964 00	
Canal Redemption Fund, - - - -	454,312 47	
Delinquent Land Tax, - - - -	331 06	
Local Bond Funds, - - - -	587,485 07	
		\$2,045,290 69

The sum of \$848,738 82 is included in the \$13,200,485 08 disbursements, which, properly, should be deducted from said last named amount, being for transfer of funds, on the warrant of the Auditor, to other funds, as follows:

General Revenue Fund to other funds, -	\$149,905 77	
State Debt Fund " " -	1,119 23	
Interest Fund " " -	2,931 10	
State School Fund " " -	9,517 52	
Illinois Central Railroad Fund, " -	685,265 20	
		\$848,738 82

For the same reason the actual money received into the Treasury is the same amount (\$848,738 82) less than shown by the foregoing figures, (\$10,748,342 25). A transfer of money from one fund to another makes it appear in the accounts of this and the Treasurer's office, that the money was drawn from the Treasury on account of one fund, and a corresponding amount paid into the Treasury on the account of another fund, thus ficticiously increasing the volume of receipts and disbursements. This process, being in obedience to provisions of law in keeping the accounts of the two offices, in the ordinary statements, for the past biennial period, makes it appear that the large sum above stated (\$848,738 82) has been received and disbursed, by the State, when in fact, such is not the case. Therefore, instead of \$10,748,342 25, receipts into

the Treasury from all sources during two years, ending Nov. 30, 1872, the actual amount is \$9,899,603 43, and the expenditures for all purposes, during same time, instead of being \$13,200,485 08 should be \$12,351,746 26.

It is also appropriate to state in this connection, that the volume of receipts and disbursements for the past two years has been very materially increased by the requirements of the new constitution: Sec. 7, Art. 9—"All taxes levied for State purposes shall be paid into the State treasury." Heretofore, the two-mill State school tax, and interest on the School Fund, under the provisions of the school law, were distributed to the several counties without passing through the State treasury. As a comparison with former years, this item, amounting in the last two years to \$1,909,129 86, should be taken into consideration. I may be excused, in this connection, for expressing my gratification for this change, as it enables me to show in this report this large sum expended for educational purposes, which has not appeared as a receipt and disbursement by the State in former reports from this office. Also, in such comparison with former years, the large sum of \$1,864,666 77 receipts, and \$1,334,342 76 disbursements, of funds for the payment of interest on the bonds of counties, townships, cities and towns, registered in this office under the acts of April 16, 1869, and February 13, 1865, should be properly and duly considered. The past two years, also, furnished the time, by direction of 27th General Assembly and proclamation of the Governor, for disbursing the large sum of \$2,586,783 60 State Debt Fund, and \$1,014,872 32 Illinois Central Railroad Fund, which had been accumulating in the treasury. These sums were used in extinguishing the public debt which fell due at the option of the State after 1870, a detailed statement of which will be found elsewhere in this report. These figures of comparison with former years, may be yet further presented in the \$1,582,620 15 receipts, and \$1,128,307 68 expenditures, of the Canal Redemption Fund, being new items in this report, and not in any former report.

Deducting these several sums from the amount of the receipts and disbursements, as shown in this report, (and the sums here given are not the result of any additional burthen to the people in the shape of taxation on the part of the State during the two past years,) it will be apparent that the average receipts and disbursements for each year, are small in comparison with the year 1869—for which year the Auditor made his report to the Governor, and with which year the comparison has been made.

WARRANTS DRAWN ON TREASURY.

During the biennial period covered by this report, warrants have been	
drawn on the State treasury to the amount of	\$13,207,030 21
Dec. 1, 1870, there were outstanding warrants amounting to	4,917 09
Total,	\$13,211,947 30

VII

For the two years ending November 30, 1872, the State Treasurer has paid, canceled and filed Auditor's warrants in this office, and received credit therefor, for the sum of - - - - - \$13,200,485 08

Leaving amount of unpaid Auditor's Warrants, December 1st, 1872 - - - - - \$11,462 22

The Warrants were drawn on account of the several funds as follows:

General Revenue Fund—Ordinary Expenses, - - - - -	\$1,968,800 07

TAXES LEVIED.

On the amount of equalized valuation of the property of the State for the year 1871, there was levied a tax for State purposes, as follows:

Five and one-half mills for Revenue, for expenses of the State government.

Two mills for the support of Public Schools.

One and one-half mills for Canal Redemption.

Making the total levy for State tax, on assessment of 1871, amount to nine mills; being an increase of two and one-half mills on the levy for the previous year. This increase was demanded to enable the Treasury to meet the appropriations made by the 27th General Assembly for various State buildings in process of erection, in addition to the ordinary expenses of the State government.

The 27th General Assembly, at its session in 1872, under what is believed to be a correct interpretation of the Constitution, provided the amount of revenue to be raised on the assessment of 1872, and subsequent years, as follows:

For general purposes, to be designated Revenue Fund, one million five hundred thousand dollars.

For payment of interest on State debt, two hundred thousand dollars.

The Governor and Auditor are required, annually, to compute separate rates per cent. to produce said amounts. In accordance therewith, on the equalized valuation of 1872, the Governor and Auditor computed the rate of three mills and fifty-three one-hundredths of one mill for Revenue purposes, and forty-seven hundredths of one mill for payment of interest on the State debt. The same General Assembly provided for an annual levy of two mills for the support of common schools. The one and one-half mills for Canal Redemption, required by the 27th General Assembly, to be levied on the assessments of 1871 and 1872, with the foregoing stated rates, makes the total levy for State purposes seven and one-half mills on the assessment of 1872, being one and one-half mills less than the levy for 1871.

BALANCE IN THE TREASURY AND DUE ON APPROPRIATIONS, DECEMBER 1, 1872, AND ESTIMATED EXPENSES OF THE GOVERNMENT TO JUNE 1, 1873.

As will appear by statement No. 12, in this report, there was a balance of \$588,577 26 General Revenue Fund in the State Treasury on the 1st December, 1872. There is yet due to the State on Collector's accounts, on assessment of 1871, about \$400,000 00 General Revenue Fund, mostly due from Cook county on the re-assessment of property in that county for said year; which amount, added to the above stated balance in the Treasury, makes the aggregate sum of \$988,577 26, applicable to the payment of the expenses of the government to the 1st June, 1872.

The amount of the expenses of the government for six months from December 1, 1872, to June 1, 1873, and heretofore appropriated, payable from the General Revenue Fund, it is estimated, will be about as fol-

lows: For the pay of members and officers, and expenses, of the 28th General Assembly, \$250,000 00. For the Executive Departments, for pay of officers, clerk hire, office expenses, and for porters and watchman at the State House, \$37,700 00. For the Judicial Department for pay of Judges and Attorneys, and balance of appropriations to the three Divisions of the Supreme Court, and the reports of said court, \$127,700 00. For the amount to be paid to and for all State Institutions, being balance of appropriations, \$308,250 00. For the balance of appropriation to new State House, \$113,000 00. For the amount necessary to pay interest on State debt due January 1, 1873, and expense thereof, payable from general revenue fund, about \$55,000 00. For amount to pay miscellaneous appropriations, such as Board of Public Charities, Board of Railroad and Warehouse Commissioners, Adjutant General, Entomologist, Geological Survey, Revision of Statutes, Field Notes and Surveys, Printing and Binding, Copying Laws and Journals, Conveying Convicts to the Penitentiary and Reform School, Fugitives from Justice, and appropriations general, \$60,700 00. For the amount of General Revenue Warrants outstanding November 30, 1872, \$11,460 00; making the grand aggregate of \$963,810 00, being almost the entire amount of General Revenue Fund in the Treasury on the 1st December, 1872, and to be received at the Treasury on the assessment of 1871.

Thus it will be seen that the amount of General Revenue Fund now in the Treasury, and to be received therein on assessment of 1871, ought not to be considered by the General Assembly in making appropriations for the future, as its exhaustion is already provided for by previous legislation. To base further appropriations upon said amount would simply create a deficit in the Treasury to be hereafter provided for by an increase of tax.

NEW REVENUE LAW.

"An act for the assessment of property and for the levy and collection of taxes," approved March 30, 1872, came into force July 1, 1872. Too little time has elapsed to afford opportunity for adequately testing the merits or demerits of the new law by observation of its practical working.

Almost the first duty to be performed under the present law, was to proceed to the equalization and collection of taxes upon an assessment made under the former law. Of course there was some confusion and embarrassment, particularly where any material changes were made; but when we consider the vast machinery and the number of officers, very many of whom were educated under a law so suddenly superceded, it will be agreed that no other result could be expected. I am gratified to be able to state that the questions, arising under the new revenue

law, which have been presented to this office, or which have come to my knowledge, are many times fewer than were annually presented under the old law. This fact is at least an indication of the clearness and perspicuity of the law.

Beginning with the assessment of the year 1873, the law will have a fair and full test; and I may be permitted to express the hope that the 28th General Assembly will be unwilling to change any of the features of the law until that opportunity to exhibit its qualities, good and bad, shall have been afforded.

It is affirmed and believed by the friends of the law, that it will place on our assessment rolls at least *one hundred and fifty millions of dollars* worth of property that has heretofore escaped taxation—and that too of such property as is best able to pay taxes; and that the increase in the value of taxable property thus obtained is not attended with the slightest injustice, but on the contrary only places the amount of that increased value of taxable property on an equality with visible, tangible property which cannot escape the notice of the tax gatherer.

I think that when the members of the Legislature become aware that those who have paid most attention to the present law, believe that its practical working will be to relieve the mass of the people of this State from nearly one-fourth of their burdens, without doing injustice to others, they will not hastily change the present law until it has had a fair and full trial.

STATE BONDED DEBT.

The principal of the bonded debt of the State at the date of my last report, Nov. 30, 1870, was	- - - - -	\$4,890,937 30
Since that date, under act approved Oct. 20, 1871, Revenue Deficit Bonds have been issued, amounting to	- - -	250,000 00
Total	- - - - -	\$5,140,937 30

The State has paid on account of the principal of said bonded debt, from Dec. 1, 1870, to Nov. 30, 1872, inclusive, as follows:

With State Debt Fund (2 mill tax)	- -	\$2,040,147 98
With Illinois Central Railroad Fund	- -	978,941 57
By Canal Trustees, 5 per cent. installment on canal bonds	- - - - -	61,697 12
		<u>3,080,786 67</u>
Total bonded debt of State, Dec. 1, 1872	- - -	\$2,060,150 63

The bonded debt outstanding Dec. 1, 1872, is classified as follows :

250 Revenue Deficit Bonds, payable after 1874	-	-	\$250,000 00

Total Bonded Debt, Dec. 1, 1872	-	-	-	\$2,060,150 63
---------------------------------	---	---	---	----------------

To condense the foregoing figures, it shows that the bonded debt falls due as follows :

Bonds falling due at pleasure of State after 1874	-	-	\$250,000 00
" " " " " " 1876	-	-	60,000 00

Total	-	-	-	\$2,060,150 63
-------	---	---	---	----------------

The bonds called in by Governor's proclamations, and not yet surrendered, are as follows :

New Internal Improvement Stock	-	-	\$22,969 21

2 Bonds, New Internal Improvement Interest Stock	-	-	2,136 00
Total			\$46,105 21

The condition of the bonded debt of this State, as here presented, is one of which the citizens of Illinois may well be proud ; and with means at hand, without one cent of direct taxation, to pay it, it should be, and is, a cause of gratulation.

The diversion of the Illinois Central Railroad Fund from the payment of the bonded debt to the payment of the Chicago lien on the canal, will, in my opinion, cease with the 1st installment of said fund for the year 1873. The amount of debt falling due at the pleasure of the State, between the 1st December, 1872, and the 1st January, 1878, including amount heretofore called in by proclamation, is \$1,578,550 63. To pay this, there will be four and one-half years' receipts—1873 to 1877 inclusive—of the Illinois Central Railroad Fund, fairly estimated at \$460,-

000 per annum, the sum of \$2,070,000, leaving \$491, 449 37 to pay the \$481,600 falling due at the pleasure of the State after 1879. The \$920,000 on Illinois Central Railroad Fund, to be received for the years 1878 and 1879, will, after paying all expenses attending payment of debt, leave a large surplus in the treasury for payment of the ordinary and contingent expenses of the government.

The close of the incoming administration will see the State nominally out of debt, with an annual income from the Illinois Central Railroad and the Illinois and Michigan canal, of not less than six hundred and fifty thousand dollars—a sum sufficient to pay two-thirds of the present Ordinary Expenses of the State.*

ILLINOIS AND MICHIGAN CANAL

Since my last report, I am glad to be able to say, the old debt of the canal has been fully paid, and the canal and its revenues, under the terms of the contract by which they were held in trust, reverted to the State. There is, however, a lien on the canal and its revenues in favor of the city of Chicago, for work done in deepening the Summit Division of the canal.

The 27th General Assembly adjusted the lien of the city of Chicago by fixing the principal of debt due that city at \$2,955,340, with interest thereon until paid. To meet this agreement, the General Assembly authorized the issue of \$250,000 Revenue Deficit Bonds (which have accordingly been issued), and that the Central Railroad Fund then in the treasury and to be received, and the revenues from the canal then in the treasury and to be received, until the debt shall be paid, and a tax on the entire property of the State of one and one-half mills on the dollar on the assessment of property for the years 1871 and 1872, should be devoted to the payment of the principal and interest of said debt.

The result of this arrangement, up to Nov. 30, 1872, is as follows:

Amount of acknowledged debt of State to the city,	\$2,955,340 00
Revenue Deficit Bonds delivered to city, -	\$250,000 00
Illinois Central Railroad Fund, paid to city,	685,265 20
Ills. and Mich. Canal revenue, paid city, -	258,545 79
Proceeds of one and one-half mill tax,	184,496 69
	1,378,307 68
Balance due city Nov. 30, 1872	- - - - \$1,577,022 32

* BONDED DEBT PAID SINCE PREPARATION OF THIS REPORT.—Since the 1st December, 1872, there has been paid on the principal of the Bonded Debt, with State Debt Fund (two mill tax) then in the treasury, \$23,883 45 of the \$46,105 21, heretofore called in by proclamations of the Governor; also, with same Fund, the sum of \$303,800 of principal of War Bonds and Refunded Stock, making total sum of principal of bonded debt paid since 1st inst., \$327,683 45, leaving \$1,732,467 18 of the principal of the State bonded debt outstanding at this time (January 3, 1873).

There remained in the Treasury, December 1, 1872, subject to the order of the city of Chicago, the sum of \$454,312 47 (since paid), which deducted from the above amount leaves \$1,122,719 85 principal, and the interest on the debt, to be provided for. I make the following estimate as to the payment of said balance, to-wit :

Amount of principal to be provided for.....	\$1,122,719 85
From one and one-half mill tax on assessment of 1872.....	\$685,000
Illinois Central Railroad, second installment 1872.	212,000
“ “ first “ 1873.	250,000
	1,147,000 00
Leaving applicable to payment of interest.....	\$24,280 15

Also, so far as the same may be needed for the payment of interest, or for application to the principal of the debt, should there be such a necessity, will be the revenue from the Canal, which I think it fair to estimate, in round numbers, for 1873, at \$175,000.

If this estimate is correct, it shows that the second installment for 1873 of the Illinois Central Railroad Fund will not be needed for the liquidation of this debt; and further, that a part of the income of the Canal for 1873, and all its income thereafter may be relied upon for the ordinary and extraordinary expenses of the State Government as may be determined by the General Assembly.

Thus it appears that after so many years of doubt and delayed hope, this public improvement will, before the time arrives for another report from this office, be yielding a direct revenue to the State.

It would doubtless be improper for me in this report to occupy much space with reflections which are inevitable to one in the least degree acquainted with the history of this Canal.

Of the early Commissioners who gave the strength and energy of their best years to the inauguration and prosecution of this work—who stood by it in the dark days of State poverty and of popular discouragement—and who, by their energy, faith and ability, did more than can easily be told toward effecting the wonderful change that has occurred since 1835—Hon. William F. Thornton, Hon. Gurdon S. Hubbard, and Gen. Jacob Fry, still survive to rejoice in an honored old age, at the success of an enterprise with which they were so early and long connected.

Besides these gentlemen, there are still among us those, who, regardless of mere local interests and of sectional clamors—broad-minded men—who, looking to the good of the whole State of Illinois, steadfastly gave their votes and influence in the Legislatures of those days to the prosecution of this work. How enviable must be their feelings, in view of the vindication of their wisdom afforded by the complete though long deferred success of the enterprise to which they were so long ago devoted.

ALL TAXES CHARGED ON STATE ASSESSMENTS FOR THE YEARS 1870 AND 1871.

Statements Nos. 20 and 21 in this report will show, in detail, the amount of State tax, county tax, and town, district and other local taxes, and the total thereof, levied in each county in the State on the State assessments, for the years 1870 and 1871.

The statements of county clerks of taxes charged on State assessment for 1872 have, as yet, been received at this office from only about one half of the counties. I regret the delay in obtaining these statements, for said year, as they would embrace a very large proportion of city taxation, (which is required to be extended on the State assessment of property for 1872, and subsequent years, under the new revenue law,) and would enable me to make a more complete statement of all taxes levied in this State, than is shown in the statements for 1870 and 1871.

The aggregate figures of all taxes levied on the State assessments for said years are as follows :

FOR THE YEAR 1870.

All State taxes,	-	-	-	-	-	-	-	-	\$3,188,389 16
All County taxes,	-	-	-	-	-	-	-	-	5,153,382 48
All Town, District and other local taxes,	-	-							8,005,061 42
Total,	-	-	-	-	-	-	-	-	\$16,346,833 06

FOR THE YEAR 1871.

All State taxes,	-	-	-	-	-	-	-	-	\$4,525,964 59
All County taxes,	-	-	-	-	-	-	-	-	5,845,874 49
All Town, District and other local taxes,	-	-							8,105,499 17
Total,	-	-	-	-	-	-	-	-	\$18,477,338 25

This shows an increase of taxation in the State for the year 1871 of about 13 per cent. over the year 1870.

I estimate for city taxation, not levied on the State assessment, the sum of \$7,500,000 for each of said years ; which figures would make the total taxes levied in this State in 1870, amount to \$23,846,833 06, and for 1871, to \$25,977,338 25.

I believe that a fair cash valuation of all taxable property, in this State, would produce not less than \$2,600,000,000, showing that, on a fair and equitable assessment of property, the average of all taxation in the State would not exceed one per cent. on the fair cash value of taxable property. Of course, in some localities, it would be over, and in others, under that per cent.

ILLINOIS CENTRAL RAILROAD FUND—REPORTS OF GROSS EARNINGS AND PAYMENTS TO THE STATE.

The following figures will show the amount of gross earnings of the Illinois Central Railroad, and the amount of five and seven per cent. thereon, paid into the State Treasury, for each six months, beginning with the first report and payment, and embracing all subsequent semi-annual reports and payments which have been made by said company up to the date of this report :

STATE DEBT FUND—(TWO MILL TAX.)

The two mill tax required to be levied by the 15th article of the Constitution of 1848, was collected for the last time on assessment of 1870, in accordance with the provision of the Constitution of 1870—section 23 of schedule.

From the beginning to the ending of the levy of said tax there has been the net sum of \$11,608,396 18 collected and paid into the State Treasury; and up to November 30, 1872, there has been \$11,274,630 81 of said fund paid out of the State Treasury, leaving the sum of \$333,765 37 in the Treasury, December 1, 1872.

The 22d General Assembly, by the provisions of an act entitled "An act to relieve the People of this State from the payment of exorbitant and unnecessary taxes," approved February 8, 1861, suspended the levy and collection of said tax on the assessments for the years 1861 and 1862. The same act further provided for the transfer of the State Debt Fund (two mill tax) then in the Treasury to the Revenue Fund. Under this requirement, \$515,950 81 was so transferred by the State Treasurer on the warrant of the Auditor.

The following figures, compiled from the Auditors' reports, show the amount received and disbursed for each biennial period, covered by said reports, except for the years 1869 and 1870, for which years' annual reports were made by the Auditor :

BONDS REGISTERED IN AUDITOR'S OFFICE UNDER ACT APRIL 16, 1869 AND FEBRUARY 13, 1865.

In my last report reference was made to the difficulty of administering the provisions of the act of April 16, 1869. The defect in the law was removed by an act passed by the 27th General Assembly on the 27th April, 1871, defining the duties of the Auditor, under said act of April 16, 1869. The act April 27, 1871, removed all difficulty in the way of this office, in administering said act of 1869.

Statements Nos. 19 and 20 will give in detail the taxation in each locality in the State having registered bonds, on account of said bonds, and the benefits enuring to each locality, under the operations of the act of April 16, 1869. The aggregates of said tables are as follows :

FINANCIAL ACCOUNT

OF THE

STATE TREASURER.

DECEMBER, 1872.

TREASURER'S REPORT.

STATE OF ILLINOIS, TREASURER'S OFFICE,
SPRINGFIELD, *December 28, 1872.*

His Excellency JOHN M. PALMER,
Governor of Illinois :

SIR—Pursuant to the directions of law, I have the honor to submit the following report of the receipts and disbursements of the Treasury Department for the two fiscal years, beginning with December 1, 1870, and ending with November 30, 1872. It is a matter for congratulation that the finances of the State afford an exhibit so satisfactory. On the 1st day of December, 1870, the debt of the State was \$4,890,937 30; during the year 1871 the debt was increased to \$5,140,937 30 by the issue of \$250,000 of bonds to the city of Chicago, in part payment for money expended by that city in deepening the Illinois and Michigan Canal. On the 9th of January, 1871, your excellency issued your proclamation, to take effect on the 15th day of February, 1871, calling in for redemption all of the debt then due, amounting to \$2,983,304 47. By act of the Legislature this indebtedness, principal and interest, has been paid in coin, a detailed statement of the purchase and disbursement of which is made a part of this report. From December 1, 1870, to December 1, 1872, the debt has been reduced \$3,080,786 67. These payments have been made from the State Debt Fund, from the Illinois Central Railroad Fund, and by the trustees of the Illinois and Michigan Canal, from receipts of the canal.

The following abstract shows the classes, amounts and total of the debt outstanding December 1, 1872 :

13 Canal Bonds.....	13,000 00
2 Bonds Interest Stock.....	2,136 00

Making a total of.....*\$2,060,150 63

No further taxation will be required for payment of the remaining indebtedness, as the Illinois Central Railroad Fund will furnish ample means for payment as the debt matures.

During my terms of office I have had the assistance of George A. Sanders, Esq., as chief clerk and deputy, who has brought to the performance of his duties remarkable faithfulness, integrity and skill.

ERASTUS N. BATES,
State Treasurer.
